CATALOG

NORTHERN
SEED COMPANY.

VALLEY CITY
N. D.

1913

President—A. P. Peake.
Secretary—Geo. D. Kelsey.

V. Pres. and Gen. Mgr.—A. B. Cox.
Treasurer—Chas. W. Nelson.

PRICES: The prices named in this catalog are those prevailing at the time it is printed and are subject to market fluctuations in value.

HOW TO SEND MONEY: Money should be sent by Postoffice Money Order, Bank Draft, Express Money Order or Registered Letter. In case it is necessary to send personal checks add exchange. Make all remittances payable to The Northern Seed Company.

SEED POSTPAID BY MAIL: The prices in this catalog all include postage on Vegetable and Garden Seeds. Therefore the postage or express on all except Field Seeds, is prepaid, by mail or express at our option.

SEEDS BY FREIGHT: The prices on Field Seeds do not include transportation charges. We deliver goods to railroad company, charges payable by purchaser upon receipt of shipment.

ORDER SHEETS—(This is Important.) For convenience and to save delay we are enclosing two Order Sheets, one for Vegetable Seeds and one for Field Seeds. It will help us greatly if the order sheets are used separately. It also is more convenient where Order Blanks are used in place of other paper. Extra Order Sheets will be gladly furnished upon request.

CAUTION: In making out your order, write plainly, sign your full name and Postoffice Address, also name of town to which goods are to be sent and if by express or freight. Where the above is not done, it causes delay. It is almost impossible to tell where an order comes from unless properly filed out. All orders are acknowledged at once by postal card. If acknowledgment is not received in a reasonable time, send duplicate of order, date and amount of same, and form of remittance, your name and address.

ERRORS: Mistakes will sometimes occur in spite of all precaution. In case of error send us copy of original order and number, and notation of error and same will be promptly rectified. Please do not return goods until you hear from us.

OUR GUARANTEE

We exercise the greatest care in selecting, sorting and testing all our seeds and fully guarantee them of the highest germination. They are sold to you under this guarantee, with the understanding that if they are not as represented and not fully satisfactory when you receive them, we will take them back and cheerfully refund your money.

We guarantee that all our seeds will conform to the provisions of the pure seed law of North Dakota. In all cases, where possible, before sending out they are analyzed by the State Seed Commissioner, Prof. H. L. Bolley of the Agricultural College of North Dakota. If upon receipt of goods, and upon sending a sample to the State Seed Commissioner, you find that they do not so conform, they may be returned to us prepaid, and money will be immediately refunded. We wish it understood that under no condition do we guarantee the crop.

IMPORTANT NOTICE—If you buy your seed of dealers outside the state you are not protected by the above law. The North Dakota Seed Commission cannot prosecute outside the State, but can prosecute the home firms if they evade the law, consequently you deal with foreign seedsmen at your peril but are protected if you deal with your home firms.

ORDER SHEET FOR GARDEN SEEDS, ETC.

EVERY ORDER, LARGE OR SMALL WILL
RECEIVE CAREFUL ATTENTION

NORTHERN SEED CO.

VALLEY CITY NORTH DAKOTA

I give this order under the conditions of Northern Seed Company's Guarantee, which I have read, on first inside cover page of catalog.

Gentlemen: Please send the following seeds, etc., by

(State here if wanted by mail, express, or freight)

Name

Post Office..... State.....

Street No., P. O. Box
County..... or R. F. D. No.....

Nearest Railway Station

(State here name of town to which goods are to be sent)

The prices in this catalog are the prepaid price on all vegetable and garden seed. Therefore we ask that all orders for this class of seeds be put on this sheet. By doing this we are able to fill orders more promptly. Pay no transportation charges on any garden or flower seeds as we prepay all charges.

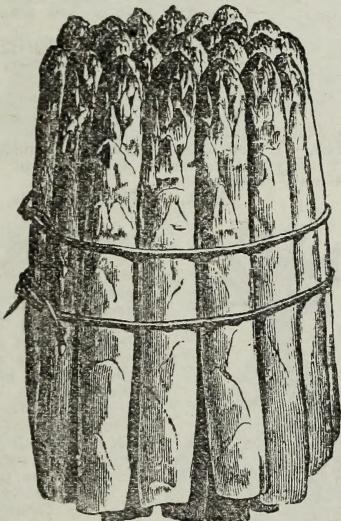

VEGETABLE SEEDS

ARTICHOKE

LARGE GLOBE—Grown for the unripe flower heads which are prepared in the same manner as Asparagus. Price: Pkt., 5c; oz., 30c; 1-4 lb., \$1.25. Postpaid.

ASPARAGUS SEED

CONOVER'S COLOSSAL—One of the green sorts which is very extensively grown. The shoots are a bright green with a purple top, very tender. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 65c. Postpaid.

ASPARAGUS

BRUSSELS SPROUTS

FINE IMPROVED—Brussels Sprouts are highly esteemed for boiling during the early fall and winter months. The "sprouts" resemble small cabbages growing close to the stalk of the plant. Plants grow from 20 inches to two feet in height, thickly covered with "sprouts" of two inches in diameter. Price: Pkt., 5c; oz., 20c; 1-4 lb., 60c; lb., \$2.00. Postpaid.

BEANS

GOLDEN WAX—A very prolific bean, producing extra large pods of a rich golden wax color. Our stock is practically rust proof, and matures very early. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 45c. Postpaid.

GERMAN BLACK WAX—Pods are of medium length, of a clear yellowish color and remain in condition for use for some time. This is a very popular variety of dwarf bush wax bean. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 45c. Postpaid.

EXTRA EARLY RED VALENTINE—(GREEN PODDED.) The plants are healthy and vigorous with a uniform height of about fifteen inches. The yield of these beans is enormous, producing long, round, fleshy and practically stringless pods. Pods usually ready to pick in six or seven weeks. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 45c. Postpaid.

NEW WONDER BUSH LIMA—This bean should really be listed under a "novelties and specialties" section. It is a new sort, very heavy yielder, exceptionally fine for the table, and is far more bushy than others of the bush varieties, the pods being closer to the stalk. Price: Pkt., 10c; 1-2 pt., 20c; pt., 30c; qt., 55c. Postpaid.

GOLDEN WAX

Northern Seed Company, Valley City, N. D.
Gentlemen: Last spring I sent you an order for some Red Weatherfield Onion Seed. They were the best onions I ever raised. Yours truly

LLOYD JOHNSON, Nome, N. D.

Northern Seed Company, Valley City, N. D.
Dear Sirs: I wish to say the seeds I bought from you last spring were satisfactory in every respect. They were better than advertised to be. You may count me for an order whenever I need anything in your line.

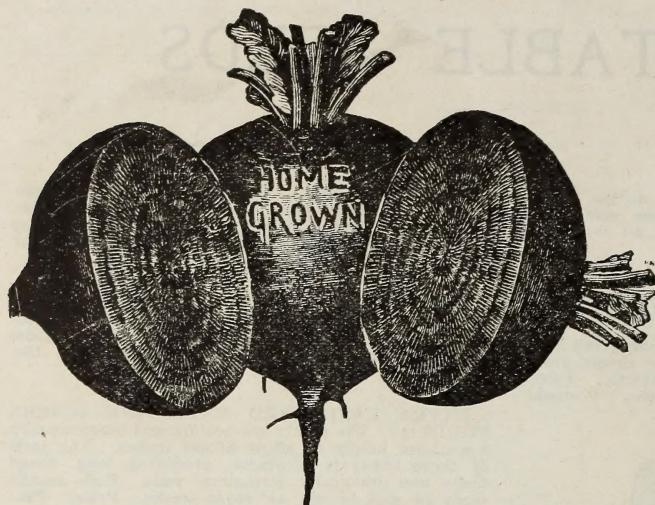

OSCAR MONSON, Lily, S. D.

Northern Seed Company, Valley City, N. D.
Dear Sirs: The seed I bought from you last spring were all O. K., and I wish to get some more next spring.

ANDREW HOLMOQUIST,
Ambrose, N. D.

Northern Seed Company, Valley City, N. D.
Dear Sirs: Last spring I ordered seeds from you and I found them superior to any I have ever tried. I find them better adapted for the climate than Eastern or Southern grown seeds.

Very truly,
MRS. S. E. FULLER, Ethan, N. D.

EARLY BLOOD TURNIP

BEETS

EARLY BLOOD TURNIP—A standard variety, very early, excellent quality, deep blood red, the tops, when young make fine greens. Many market gardeners raise this beet exclusively. Price: Pkt., 6c; oz., 20c; 1-4 lb., 60c; 1-2 lb., \$1.10; lb., \$1.75. Postpaid.

EGYPTIAN—Flat in shape. Flesh zoned with lighter shade of red; very tender and desirable for any garden. Price: Pkt., 5c; oz., 20c; 1-4 lb., 60c; 1-2 lb., \$1.10; lb., \$1.75. Postpaid.

SWISS CHARD or SEA KALE—This member of the Beet family does not produce a root as does other kinds, but the leaves are used for greens and the stalk and spine may be prepared the same as Asparagus. Price: Pkt., 5c; oz., 15c; 1-4 lb., 40c; lb., \$1.30. Postpaid.

MANGLE WURTZEL

IMPROVED MAMMOTH LONG RED—Roots straight, solid, very large and of a deep red color. Mangle Wurtzels are of high feeding value to all stock raisers. The yield is very heavy and the cost of production is low. Price: Pkt., 5c; 1-4 lb., 20c; 1-2 lb., 35c; lb., 60c. Postpaid.

IMPROVED GOLDEN TANKARD—Roots not as long as the Mammoth Long Red but are of fully as high feeding value, and will produce an enormous crop. The color is a deep rich yellow and we especially recommend these to dairymen. Price: Pkt., 5c; 1-4 lb., 20c; 1-2 lb., 35c; lb., 60c. Postpaid.

Northern Seed Company, Valley City, N. D.

Dear Sirs: The seed I received from you gave perfect satisfaction. I had the finest garden I ever raised and can heartily recommend your seeds.

W. S. SMITH, Bowman, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: I used your seeds last year for the first time and consider them far superior to any I have ever used.

MRS. JOHNSON, Ward County, N. D.

Northern Seed Co., Valley City, N. D.

Gentlemen: Last spring I sent you an order for some Red Weatherfield Onion Seed. They were the best onions I ever raised.

Yours truly,
LLOYD JOHNSON,
Nome, N. D.

Northern Seed Company,
Valley City, N. D.

Dear Sirs: I wish to say the seeds I bought from you last spring were satisfactory in every respect. They were better than advertised to be. You may count me for an order whenever I need anything in your line.

OSCAR MONSON, Lily, S. D.

Northern Seed Company,
Valley City, N. D.

Dear Sirs: The seed I bought from you last spring were all O. K., and I wish to get some more next spring.

ANDREW HOLMQUIST,
Ambrose, N. D.

Northern Seed Company, Valley City, N. D.

Dear Sirs: I wish to say the seeds I bought from you were very satisfactory. I believe in buying "Home Grown" seeds.

J. A. JONES, Engevale, N. D.

Northern Seed Co.,
Valley City, N. D.

Dear Sirs: The seeds which I got from you last spring were fresh and a large per cent germinated, showing care in the selecting and curing of them. I intend to order from you again next spring as I was well pleased with your seeds this year. Yours truly,

A. G. McKEAN,
Tobor N. D.

Northern Seed Co.,
Valley City, N. D.

Gentlemen:

The seeds which I got from you last spring were very good. All of them came up and everything grew fine. I can recommend your house to any one wanting good healthy seeds.

A. J. PETERSON,
Mott, N. D.

Northern Seed Co.,
Valley City, N. D.

Sirs: The seed I ordered last spring from the Northern Seed Co., proved a success here. They all did fine. Wishing you success in your business, I remain

Yours truly,
LAURA CURRIER,
Fairburn, S. D.

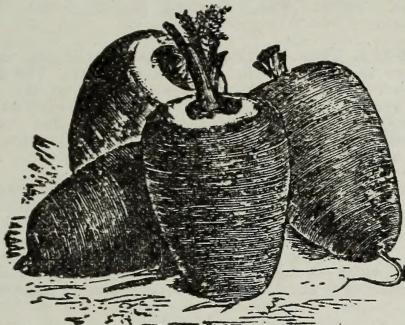

MAMMOTH LONG RED

CABBAGE

PREMIUM FLAT DUTCH—The plant has a short stem, rather large outside leaves, and is very sure heading, uniform in size and type. Heads are large, slightly flattened on top, solid and of splendid quality. A standard main crop variety. Price: Pkt., 5c; oz., 25c; 1-4 lb., 80c; lb., \$2.25. Postpaid.

LARGE DRUMHEAD—For a large deep head this cabbage should be grown on very rich soil, but will form a medium sized head on almost any soil. Price: Pkt., 5c; oz., 25c; 1-4 lb., 75c; lb., \$2.00. Postpaid.

CARROTS

OXHEART—Roots grow about 4 1-2 to 5 inches in length and are especially desirable on a hard, stiff soil, where a longer root would be unable to penetrate. The roots are a bright orange in color, sweet, fine grained and tender when young; and are good for stock when matured. Price: Pkt., 5c; oz., 15c; 1-4 lb., 45c; lb., \$1.50. Postpaid.

DANVERS HALF LONG—This is a first class carrot for all kinds of soil. Roots grow to a good size, flesh is a dark orange yellow. This variety is a good keeper and is excellent for table use, and is grown extensively in some localities for stock. Price: Pkt., 5c; oz., 15c; 1-4 lb., 45c; lb., \$1.50. Postpaid.

MASTODON CARROT—Grown largely for stock. The flesh is white and solid, very sweet in flavor. They do not break easily in pulling, and yield more to the acre than any other carrot. Price: Pkt., 5c; oz., 10c; 1-4 lb., 80c; lb., \$1.25. Postpaid.

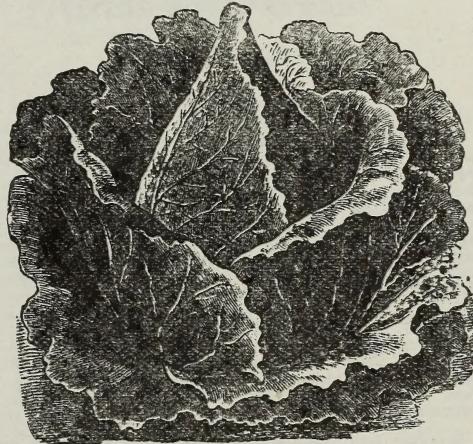

CAULIFLOWER

SNOWBALL—Is excellent for both early and late planting, and unsurpassed by any strain of Snowball on the market. The heads are from 8 to 10 inches in diameter and snowy white. Price: Pkt., 15c; 1-4 oz., \$1.15; oz., \$2.00; 1-4 lb., \$7.50. An ounce of seed will produce 3,500 plants.

EXTRA EARLY DWARF ERFURT—The finest strain procurable. Plants dwarf and compact, forming good sized heads, very fine stock. Price: Pkt., 15c; 1-2 oz., 75c; oz., \$1.25; 1-4 lb., \$4.00; lb., \$15.00.

EXTRA EARLY WINNINGSTAD—This cabbage is the hardiest of any of the early sorts, and seems freer from cabbage worms than other varieties. The heads are conical in shape and are the hardiest of all the early kinds, making it suitable for either summer or winter use. Price: Pkt., 5c; oz., 20c; 1-4 lb., 50c; lb., \$1.75. Postpaid.

EARLY JERSEY WAKEFIELD—The best first early oblong headed cabbage. The plants are dwarf and compact, heads very hard and firm. This is one of the most popular of the early sorts and is deserving of a place in every garden. Price: Pkt., 5c; oz., 20c; 1-4 lb., 60c; lb., \$1.90. Postpaid.

Northern Seed Company, Valley City, N. D.

Dear Sirs: I am perfectly satisfied with the seeds I received from you this spring. Every seed seemed to be fertile and the vegetables are of a very fine flavor, the best we have ever eaten.

Yours very respectfully,

MRS. JOSEPH KIMAS, Carrington, N. D.
Northern Seed Company, Valley City, N. D.

Gentlemen: I am pleased to write that we have found your seeds very satisfactory. We have tried many kinds but have had best success with yours.

Respectfully,

JOHN STEWART, Bowbells, N. D.

Northern Seed Company, Valley City, N. D.

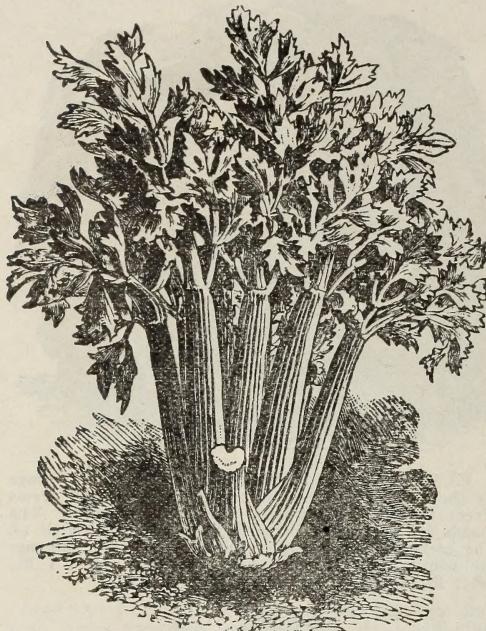

Gentlemen: I was well pleased with the Alfalfa seed I purchased from you in 1908. I have a good stand. I am no longer doubtful about alfalfa since using your seed. Yours truly,

JAMES MORGAN, Ward County, N. D.

Northern Seed Company, Valley City, N. D.

Dear Sirs: I am just cutting the oats I raised from your seed. I am getting about eight tons of straw per acre and the heads are well filled. They are giving a very good yield.

Yours very truly,
MORTON GANZ, Jackson Co., Oregon.

GOLDEN SELF-BLANCHING

CELERY

GOLDEN SELF BLANCHING—This grand variety of French origin is becoming one of the most popular sorts and is being raised more extensively every year, both for private use and market garden. While not as early as the White Plume it is of heavier, more compact growth, the stalks being thick, crisp and brittle, while the hearts are large and solid all blanching a waxen-yellow, tender, free from stringiness, rich and delightful flavor. Price: Pkt., 10c; oz., \$1.25; 1-4 lb., \$4.00.

GIANT PASCHAL—Popular sort for winter use. Large in growth, of a rich creamy yellow when blanched. Stalks bright and crisp. It blanches with but slight "earthing up" easily in five or six days. Price: Pkt., 5c; oz., 25c; 1-4 lb., 50c; lb., \$1.75. Postpaid.

WHITE PLUME—The earliest celery. This is a well known variety. Popular on account of its earliness and the ease of its culture. It is really no more trouble to grow this celery than any other vegetable, for no "banking up" is necessary, although it helps to firm the earth against the plant and tie the stalks together to protect the heart. Price: Pkt., 5c; oz., 25c; 1-4 lb., 60c; lb., \$2.00. Postpaid.

Northern Seed Company, Valley City, N. D.

Gentlemen: The seeds I got from you last spring were very good. Everything came up nicely and is doing fine.

Yours very truly,
L. S. ESPESETH, Lansford, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: Having received Seed Corn from you last year I wish to say that I am very well pleased with the seed. It will yield better than forty bushels to the acre and is good solid corn. Thanking you for past favors, I remain

Very truly yours,
MURRY PACK, Bryant, S. D.

SWEET CORN

Extra Early Variety

PEEP O' DAY—Ears are of medium length, very early, and sweet, the stalks grow to from three to four feet high and often produce as high as five ears on a stalk. One of the first-early of any corn. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 40c. Postpaid.

GOLDEN BANTAM—As the name signifies a dwarf corn producing an ear of golden color. The ears are about six inches in length, having eight rows of well filled kernels, which are very sweet and tender. This corn is raised by many gardeners for their select customers. Once planted always grown. Price: Pkt., 10c; 1-2 pt., 25c; qt., 40c. Postpaid.

WHITE COB CORY—Produces one of the largest and best ears of any of the early sorts. The kernels are close set and grow well down on the tip. The grains are broad, sweet and cook very white. All points considered it is a desirable corn for northern conditions. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 40c. Postpaid.

EARLY MINNESOTA—This well known, popular variety is one of the best second-early sorts for the market or home garden. The stalks are about six feet high with one or two ears. The ears are about eight inches long with eight rows of sweet tender grain, which shrinks very little in drying. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 40c. Postpaid.

PEEP 'O DAY

MAIN CROP VARIETIES

COUNTRY GENTLEMAN—The most Delicious Sweet Corn Grown—Plump, Pearly-White, Milky

Northern Seed Company, Valley City, N. D.

Gentlemen: It is with great pleasure I say a word for your garden seeds. My garden was a week or ten days ahead of my neighbors. All of the seed grew.

As soon as people realize the importance of the Northern grown seeds, our gardens of the northwest will be a decided success. Thanking you for prompt service in the past and assuring you of future orders I wish you success.

MRS. FRANK COSAND, Coteau, N. D.

SWEET CORN (Continued)

Kernels, fairly melting in the mouth. Retains its Delicate Tenderness even when a little old. Very productive each stalk yielding three and four ears; even six ears to a stalk occasionally.

"Country Gentleman" is the finest of all Sweet Corns for the private table. The arrangement of the kernels on the cob indicates high quality. The moment the teeth sink into this luscious milky, tender Corn you will become a complete convert to it, for it will delight the most fastidious epicure. The ears average eight to nine inches in length, cob small; and plump, pearly-white kernels of great depth fill the ear from end to end. It produces three, many times four, and occasionally five and six ears to a stalk. But the great merit of the "Country Gentleman" Corn is its delicious quality; it is without doubt the sweetest and most tender of any sweet Corn. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 40c. Postpaid.

IMPROVED BLACK MEXICAN

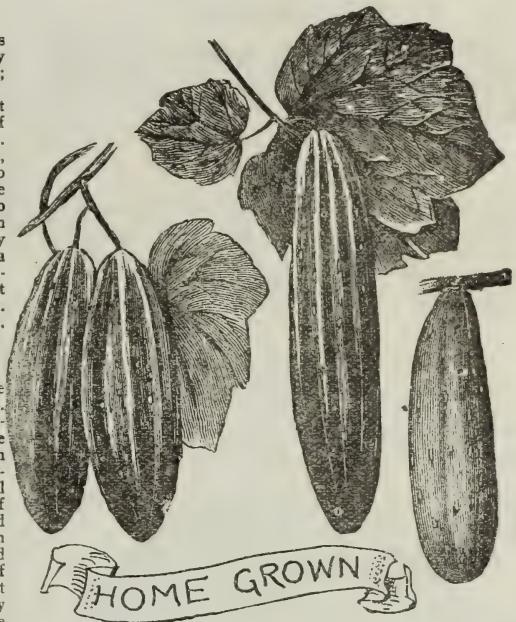

This variety has for a number of years had the reputation of being the sweetest of all sweet Corn. When cooked, the ear is white, with a bluish tinge towards the base of the kernel, but when dried the appearance of the seed is so entirely distinct from any other corn as to be always remembered the kernels being of a deep bluish black. While nearly all lovers of sweet Corn are aware of the existence of this variety not for many years has it been featured in the seed catalogues and on this account has been almost lost sight of by many who would have liked to procure it. Every year we have a number of inquiries from those who have known this corn but who have forgotten its name and remember it only as the "black corn that was so very sweet." The steadfast remembrance of and desire for this corn thus expressed, has induced us to take particular pains with this variety, so that we can now offer it as an *Improved Black Mexican*. We offer it as a highly superior strain of this very desirable and much sought after sort. It must still rank with us as a late variety, but as it now matures nicely with us in North Dakota, it may be safely grown in almost any part of the United States. Price: Large Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 40c. Postpaid.

CUCUMBER

IMPROVED LONG GREEN—Fresh, solid and crisp; fine quality, very productive. Produces a dark green fruit about 12 inches long. Fine for slicing. Price: Pkt., 5c; oz., 15c; 1-4 lb., 35c; lb., \$1.25. Postpaid.

EARLY CLUSTER CUCUMBER—Slim form, desirable for small pickles; good yielder, setting fruit in clusters of two or three. Price: Pkt., 6c; oz., 15c; 1-4 lb., 35c; lb., \$1.25. Postpaid.

BOSTON PICKLING—A very productive variety. Bright green, smooth, crisp and tender. Used extensively by all the pickle factories of the western states. Price: Pkt., 5c; oz., 15c; 1-4 lb., 35c; lb., \$1.25. Postpaid.

EARLY FRAME

IMPROVED EARLY FRAME CUCUMBER—A very hardy variety, has an excellent flavor and great variety for pickling use. Price: Pkt., 5c; oz., 15c; 1-4 lb., 35c; lb., \$1.25. Postpaid.

WHITE SPINE—In other words Cucumber perfection. It is early, prolific, and a continuous producer of large uniform fruits of a rich deep green color, faintly marked with light yellowish shading toward the tip. The vines are vigorous and bearing until frost. The fruit is ideal for slicing, being compact, fine-grained, sparkling white and of delightful flavor. Price: Pkt., 5c; oz., 15c; 1-4 lb., 35c; lb., \$1.25. Postpaid.

KOHL RABI

EARLY WHITE VIENNA—Kohl Rabi is grown for its turnip shape bulbs which grow above ground. The plants should be thinned to 6 or 8 inches apart in the rows. The bulbs are prepared the same as turnips, and should be used before gaining their full maturity. Price: Pkt., 5c; oz., 25c; 1-4 lb., 75c. Postpaid.

WHITE SPINE

EGG PLANT

IMP. LARGE PURPLE—(*Spineless*)—A favorite with market gardeners, plants vigorous and prolific with the large size and fine quality of the fruit make it profitable to grow. Price: Pkt., 5c; oz., 40c; 1-4 lb., \$1.25. Postpaid.

ENDIVE

MOSS CURLED—Plants dense and compact with bright green leaves which when properly blanched are rich, crisp, tender and white. Endive is one of the few salads which can be used at almost any season, when nearly full grown tie the outer leaves together at the top to blanch the center. Price: Pkt., 5c; oz., 15c; 1-4 lb., 45c; lb., \$1.50. Postpaid.

GOURDS

Ornamental and much grown where a quick growth is desired. The foliage and the peculiar shape and markings of some of the fruits also the many uses the Gourds may be put to make it both attractive and useful as a covering for fences and trellises.

DISH CLOTH—Cut out the center and remove seed, using fibrous mass for dish-cloth. Price: Pkt., 5c; oz., 25c. Postpaid.

DIPPER—Very handy and lasting. Price: Pkt., 5c; oz., 25c. Postpaid.

JAPANESE NEST EGG—Use for nest eggs, fruit white. Price: Pkt., 5c; oz., 20c. Postpaid.

APPLE SHAPED—Round, yellow, sometimes striped. Price: Pkt., 5c; oz., 25c. Postpaid.

MIXED—Many sorts. Price: Pkt., 5c; oz., 20c. Postpaid.

KALE

TALL SCOTCH CURLED—Make fine greens for winter use. Leaves have a beautiful curled edge which may be used for garnishing. Plant grows about two feet tall, tender and of delicate flavor. Price: Pkt., 5c; oz., 25c; 1-4 lb., 75c; lb., \$2.25. Postpaid.

Northern Seed, Co., Valley City, N. D.
Dear Sirs: The seed I received from you gave perfect satisfaction. I had the finest garden I ever raised and can heartily recommend your seeds.

W. S. SMITH, Bowman, N. D.

Northern Seed, Co., Valley City, N. D.
Dear Sirs: This is our first year in your state and we prepared a garden as that is all the farming we could do being on a homestead and having little to work. Our garden grown from your seed, together with our two cows, and one hundred hens have supported our family. We sold \$100.00 out of our garden, about one-fourth of an acre. The quality of your seeds had a great deal to do with our success.

MRS. JOHN M. HOUSE,
Billings, Co., N. D.

Northern Seed, Co., Valley City, N. D.
Dear Sirs: I wish to say the seeds bought from you were very satisfactory, I believe in buying "Home Grown" seeds.

J. A. JONES, Engeval, N. D.

Northern Seed, Co., Valley City, N. D.
Gentlemen: I am pleased to write that we have found your seeds very satisfactory. We have tried many kinds but have had best success with yours.

Respectfully,
JOHN STEWART, Bowbells N. D.

MUSTARD

SOUTHERN GIANT CURLED—Used for greens, leaves large, light green and very tender. Plants upright and spreading. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

LETTUCE

PRIZE HEAD—Bright green tinged with brownish red, tender, crisp, large, loose head. Popular variety for market and garden. Price: Pkt., 5c; oz., 15c; 1-4 lb., 30c; lb., 95c. Postpaid.

HANSON HEAD—A very popular and favored variety, very hardy and will stand extremes of weather, better than any of the other crisp heading varieties. It is a good table quality free from bitterness and remains in excellent condition for use long after it has reached maturity. Price: Pkt., 5c; oz., 15c; 1-4 lb., 30c; lb., \$1.00. Postpaid.

EARLY CURLED SILESIA—An early clustering variety. May be sown thick and cut while the plants are very young. Very tender, sweet and well flavored. Color light green. Price: Pkt., 5c; oz., 15c; 1-4 lb., 30c; lb., \$1.00. Postpaid.

BLACK SEEDED SIMPSON—Large, thin, exceedingly tender leaf. This is one of the best varieties either for forcing or for early sowing out doors. It is a product of excellent quality and continues a long time in condition for use. Price: Large pkt., 5c; oz., 15c; 1-4 lb., 30c; lb., \$1.10. Postpaid.

EARLY CURLED SIMPSON—One of the best leaf lettuces, its growth is very similar to the Early Curled Silesia. Price: Pkt., 5c; oz., 15c; 1-4 lb., 30c; lb., \$1.00. Postpaid.

EARLY WHITE CABBAGE—It forms very large firm heads, with broad leaves, beautifully curled and crinkled and exceedingly tender and sweet. In the Northwest where there is a great deal of hot summer sun it is at its best, being famous for its heat and drought resisting qualities. Price: Pkt., 5c; oz., 15c; 1-4 lb., 30c; lb., \$1.10. Postpaid.

HUBBARD MARKET—A thick leaved, bright green heading variety, forming a large very compact head. Price: Pkt., 5c; oz., 15c; 1-4 lb., 30c; lb., \$1.00. Postpaid.

LEEK

LARGE AMERICAN FLAG—Our stock is extra fine, of quick, strong growth, producing long stems of large size and mild flavor. Price: Pkt., 5c; oz., 15c; 1-4 lb., 35c; lb., \$1.25. Postpaid.

MUSKMELON

EXTRA EARLY HACKENSACK—This is a selection of the old Hackensack, which it resembles but is fully ten days earlier. The melons weigh from four to ten pounds and are of excellent flavor. It is one of the earliest, hardiest, and most productive of the Netted sorts. Price: Pkt., 5c; oz., 10c; 1-4 lb., 30c; lb., \$1.00. Postpaid.

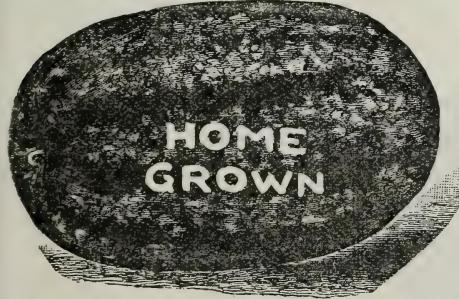

IMPROVED EXTRA EARLY GREEN NUTMEG—Vines vigorous, hardy and productive; fruit large round, slightly flattened at both ends; ribbed and cover with coarse netting; flesh very thick and of finest flavor. Price: Pkt., 5c; oz., 10c; 1-4 lb., 30c; lb., \$1.00. Postpaid.

FISH'S NORTH DAKOTA—We have the seed from melons grown by one of the best gardeners in this locality. He has succeeded in producing extremely early melons, of rich orange flesh and delicious flavor. Price: Seeds for two hills 10c. Postpaid.

WATERMELON

COLES' EXTRA EARLY—The Watermelon for the Northwest, for in Northern climates it is particularly at home. A heavy yielder, melons of medium size, flesh a fine red color. This melon can not be shipped long distances, this is the only drawback for a market product. For a home garden there is no melon better. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c. Postpaid.

PINNY'S EXTRA EARLY—Oblong in shape, medium size, flesh bright red and very sweet. Seeds white, skin mottled white and green. Vines very productive. An excellent variety for market use in northern latitudes. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c. Postpaid

COLE'S EXTRA EARLY

CITRONS

RED SEEDED CITRON FOR PRESERVING—Not good for eating raw, but makes an excellent transparent preserve of a peculiar fine flavor; matures early and will keep in storage several months. Price: Pkt., 5c; oz., 10c; 1-4 lb., 20c; lb., 70c. Postpaid.

OKRA OR GUMBO

PERKINS MAMMOTH LONG POD—Cultivated for its young seed pods which are used in soups, stews, catsups, etc. This variety is about three feet high, very early and productive, pods deep green, very long, tender and of good quality. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c. Postpaid.

ONIONS

Onion Seed Produced From Assorted Bulbs
Taking Years to Select are the Best

RED WEATHERFIELD

EXTRA EARLY RED FLAT—A flat variety of medium size. Earlier than Red Weatherfield, fine grained and mild flavor. Especially adapted where seasons are short. Very desirable for early marketing. Our stocks of this variety are exceedingly excellent. Price: Pkt., 5c; oz., 20c; 1-4 lb., 50c; 1-2 lb., 80c; lb., \$1.35. Postpaid.

RED WEATHERFIELD—Very productive and an excellent keeper. Skin deep purplish, flesh purplish white, often grained. Stronger in flavor than yellow or white onions. This is one of the very best sorts. Price: Pkt., 5c; oz., 15c; 1-4 lb., 45c; 1-2 lb., 75c; lb., \$1.25. Postpaid.

Northern Seed Company, Valley City, N. D.

Gentlemen: The Seed Corn I got from you last spring is all right and is going to get ripe in good season. When I need more seed you will get my order.

L. G. TORGERSON,

Northern Seed Company, Valley City, N. D.

Dear Sirs: Last year we planted some of your seed oats and we find the yield over 30 per cent more than any other oats we have ever grown. Not only that, but the seed came to us clean and in fine shape. We wish to thank you, and to recommend your oats to all who wish to improve their seed.

JAS. C. WATKINS, Morton Co., N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: The Seed Corn I got from you last spring was fine. I believe that every kernel grew. I have a fine stand.

Yours respectfully
WENCIL HOUDEK, Houdek, S. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: The Garden Seed and Seed Corn purchased from you last spring have given the best of satisfaction. I have recommended them to others.

Sincerely yours,
J. T. SCOTT, Forbes, N. D.

YELLOW GLOBE DANVERS—Globe shaped standard variety. Skin light golden brown or pale yellow. Flesh pure white, mild flavor. An excellent winter variety. Price: Pkt., 5c; oz., 15c; 1-4 lb., 45c; 1-2 lb., 75c; lb., \$1.25. Postpaid.

PRIZE TAKER—One of the best standard varieties, succeeds everywhere, often yielding over 1200 bushels per acre, gives universal satisfaction for either home or marketing. Onions are large, often 12 to 14 inches in diameter. Their keeping quality is unequalled. The outside skin is of a pale yellow color, while the inside is clear white. Price: Pkt., 5c; oz., 20c; 1-4 lb., 60c; 1-2 lb., \$1.00; lb., \$1.50. Postpaid.

WHITE PICKLING ONIONS—Medium sized bulb. Uniform with clear white skin; mild flavor; a good keeper. Used extensively for pickling purposes. Price: Pkt., 5c; oz., 20c; 1-4 lb., 70c; 1-2 lb., \$1.25; lb., \$2.00. Postpaid.

EARLY LARGE RED GLOBE ONIONS—Dark red color, globe shaped. This is a fine variety and will please all who grow it. Price: Pkt., 5c; oz., 15c; 1-4 lb., 50c; 1-2 lb., 85c; lb., \$1.35. Postpaid.

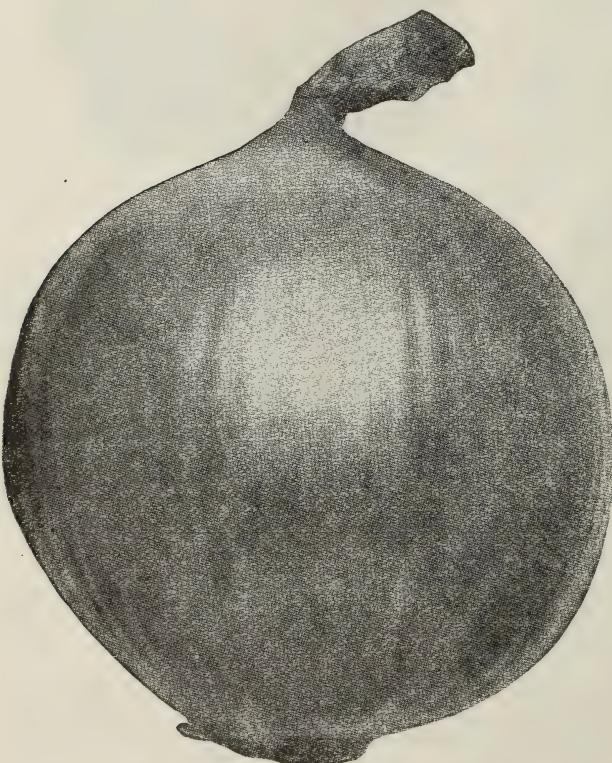

AUSTRALIAN BROWN—This grand, globe-shaped brown onion is quick growing, a sure cropper, and of exceptionally long-keeping quality. The onions are a perfect globe or ball in form and uniformly thin-necked. The flesh is very solid, crisp, pure white, and of sweet, mild flavor. It is very early, sure to ripen and excellent keeper. Its handsome globe form, combined with most attractive coloring, insures quick sales at the highest market price. The coloring is rather richer than that of the popular Southport Yellow Globe which it equals in

AUSTRALIAN BROWN

productiveness, is nearly as large, and being earlier will ripen more surely in wet seasons or in very moist soil. Most highly recommended. Price: Pkt., 5c; oz., 20c; 1-4 lb., 60c; 1-2 lb., 90c; lb., \$1.50. Postpaid.

SOUTHPORT RED GLOBE—A handsome purple red glossy onion, of close-grained sparkling white flesh, very tender. 800 bushels is not an uncommon yield for an acre of this splendid variety. Price: Pkt., 5c; oz., 15c; 1-4 lb., 50c; 1-2 lb., 85c; lb., \$1.35. Postpaid.

PRIZE TAKER

Northern Seed Co., Valley City, N. D.

Gentlemen: We were well pleased with the seeds we purchased from you. They were O. K. I was also pleased with your promptness on a later and larger order, when you promptly returned my check and stated the seed had not proved satisfactory to you. This proved to me that you do not send out poor seed. Wishing you success, I remain Yours truly,

K. A. ERSLAND,
Driscoll, N. D.

Northern Seed Co., Valley City, N. D.

Dear Sirs: We bought some of your Northwestern Dent Corn last year and we find it ripens 10 days earlier than corn we be bought from another seed house the year before. You can rely upon us for a steady customer.

JENS JOHNSON,
Stutsman Co., N. D.

Northern Seed Co., Valley City, N. D.

Gentlemen: As manager of the Nester Farm, I have planted all the way from 50 to 75 bushels of your Northwestern Dent Seed Corn for the last four years. It is with pleasure I recommend this corn to growers. It has always given us the best of satisfaction. We find that your corn ripens earlier and more evenly than corn we have bought from other seedsmen. You may count on us for a regular customer for this kind of corn in the future.

Very truly yours,
A. A. BOOTH, Mgr., Nester Farm,
Valley City N. D.

PARSNIPS

OUR IDEAL HOLLOW CROWN OR GUERNSEY—Good yielder and considered the best for general cultivation. Roots smooth, flesh fine grained and of excellent quality. Parsnips are improved by remaining exposed to frost. Price: Pkt., 5c; oz., 10c; 1-4 lb., 20c; lb., 65c. Postpaid.

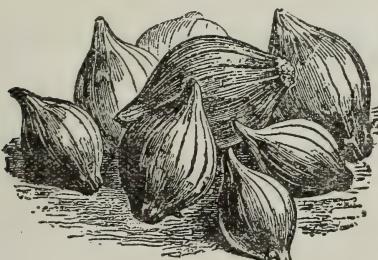

YELLOW FLAT DANVER—One of the best onions for home use where a globe onion is not required, it is medium sized, slightly flattened, with a thin neck. The skin is a coppery yellow, flesh white, mild and excellent flavor. Price: Pkt., 5c; oz., 15c; 1-4 lb., 45c; 1-2 lb., 75c; lb., \$1.25. Postpaid.

MAMMOTH SILVER SKIN—One of the largest onions grown, sometimes attaining a circumference of 22 inches, and weighing up to four pounds. It naturally early is good shape, being flat but thick. The skin is silvery white; flesh snowy and tender. Its size, appearance and quality make it unexcelled for exhibition, market or table. Sow early and transplant for best results. Price: Pkt., 5c; oz., 20c; 1-4 lb., 65c; 1-2 lb., \$1.10; lb., \$2.00. Postpaid.

ONION SETS

RED BOTTOM—Bottom Onion Sets produce onion bulbs much quicker than can be done by sowing the seed thus allowing a second crop to be raised on the same ground. For green or bunch onions; sets produce a crop in half the time it takes to raise them from seed. Our sets are of our own production, are bright, clean and unsprouted and will produce onions of good size and marketable quality. Price: Pint, 15c; qt., 25c; postpaid. 1-4 bu., 80c; bu., \$2.50 at purchaser's expense.

Northern Seed Company, Valley City, N. D.

Dear Sirs: We bought our garden seeds from you last spring and we were well satisfied. As long as we are so well satisfied, you can figure on our orders.

Respectfully,
W. B. BEGGS, Turtle Lake, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: The seed I got from you last spring were very good. All of them came up and everything grew fine. I can recommend your house to any one wanting good, healthy seeds.

A. J. PETERSON, Mott, N. D.

Northern Seed Co.,
Valley City, N. D.
Dear Sirs: We bought our garden seeds from you last spring and we were well satisfied. As long as we are so well satisfied, you can figure on our orders.

Respectfully,
W. B. BEGGS,
Turtle Lake, N. D.

Northern Seed Co.,
Valley City, N. D.
Dear Sirs: The Red Weatherfield Onion seed I got from you last year did extremely well. I like this variety. It is a good keeper and solid. I obtained 700 bushels last year from 1 1/2 acres.
JOHN OPPEGARD,
Willams Co., N. D.

Northern Seed Co.,
Valley City, N. D.
Gentlemen: Having received Seed Corn from you last year I wish to say that I am very well pleased with the seed. It will yield better than forty bushels to the acre and is good solid corn. Thanking you for past favors, I remain

Very truly yours,
MURRY MACK,
Bryant, S. D.

Northern Seed Co.,
Valley City, N. D.
Gentlemen: All the seeds we bought from you are doing fine. The oats and alfalfa are going to make a good stand.

Yours,
J. L. DEDRICK,
Pembina Co., N. D.

Northern Seed Company, Valley City, N. D.

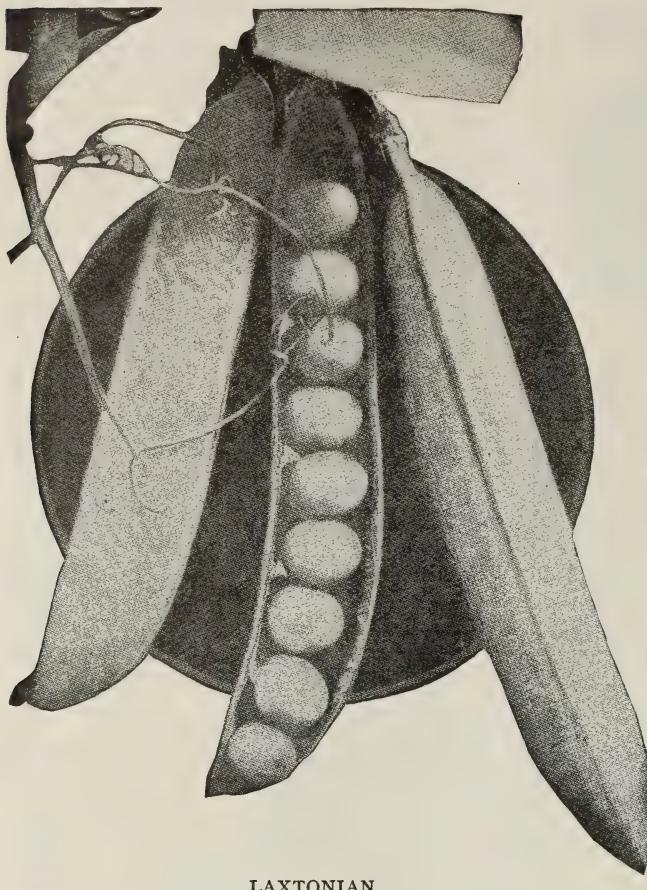

Gentlemen: The seeds ordered from you last spring were all true to name and I had a splendid stand from all of them. You may look for another order from us next spring. Yours truly,

T. A. WELSH, Garrison, N. D.

Northern Seed Company, Valley City, N. D.

Sirs: The seed I ordered last spring from the Northern Seed Company proved a success here. They all did fine. Wishing you success in your business I remain,

Yours
LAURA E. CURRIER, Fairburn, S. D.

LAXTONIAN

PEAS

Two of the Very Best Garden Peas Obtainable

LAXTONIAN—This new Dwarf Pea is the largest podded of the early dwarf peas and requires no supports of any kind. It is in a class almost by itself. "Giant Podded Early Dwarf" — The vines are vigorous and very prolific, of dark green foliage, growing 15 to 18 inches high. The deep green color and size of the pods, also the size, color and unsurpassed quality of the green peas make it an exceptionally fine table pea. As we have only a very limited quantity of these peas we can only sell a pint to a customer, while they last. Price: Pkt., 15c; 1-2 pt., 30c; pt., 50c. Postpaid.

LITTLE MARVEL—Another of the lately developed dwarf peas. It is an early dwarf which ripens with the Nott's Excelsior and American Wonder, but remains tender about a week longer than either and also have one or two more peas to the pod. The pods are of a dark rich green and are very attractive. Only one quart to an order owing to our limited supply. Price: Pkt., 10c; 1-2 pt., 25c; pt., 40c; qt., 75c. Postpaid.

Northern Seed Company,
Valley City, N. D.

Dear Sirs: Last year we planted some of your seed oats and we find the yield over 30 per cent more than any other oats we have ever grown. Not only that, but the seed came up clean and in fine shape. We wish to thank you, and to recommend your oats to all who wish to improve their seed.

JS. C. WATKINS,
Morton Co., N. D.

Northern Seed Company,
Valley City, N. D.

Dear Sirs: Last spring I bought quite a number of seeds of different kinds, and I can truly say that they are the best garden seed I have ever planted regardless of where they came from. I am going to plant more seed next spring, and I want your catalog, so I will be sure of getting good seed. If any one doubts this, just write to

I. B. HATFIELD,
Highmore, S. D., Box 161

Northern Seed Company,
Valley City, N. D.

Gentlemen: It is with great pleasure I say a word for your garden seeds. My garden was a week or ten days ahead of my neighbors. All of the seed grew.

As soon as people realize the importance of the Northern grown seeds, our gardens of the northwest will be a decided success. Thanking you for prompt service in the past and assuring you of future orders I wish you success.

MRS. FRANK COSAND,
Coteau, N. D.

Northern Seed Company,
Valley City, N. D.

Gentlemen: The alfalfa seed I bought from you is all right. It looks to be a good stand so far.

OLE BREDDING,
Powers Lake, N. D.

EXTRA EARLY ROUND SEEDED VARIETIES

EXTRA EARLY—Height, 2 1-2 to 3 feet. Seeds white. One of the most important considerations with a market gardener in choosing an extra early pea is to secure one that is not only the earliest but that matures its crop uniformly, so that the vines may be stripped in one picking. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 45c. Postpaid.

ALASKA—Height 2 1-2 feet. Very early and exceedingly uniform in maturing its crop. The vines are very productive, bearing four to seven pods which are filled with medium sized bright bluish green peas of good flavor. A great favorite with canners and southern truckers. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 45c. Postpaid.

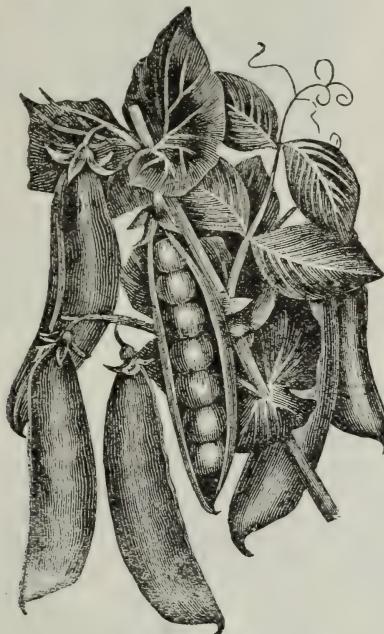

Northern Seed Company, Valley City, N. D.

Dear Sirs: This is our first year in your state and we prepared a garden as that is all the farming we could do being on a homestead and having little to work. Our garden grown from your seeds, together with our two cows, and one hundred hens have supported our family. We sold \$100.00 out of our garden, about one-fourth of an acre. The quality of your seeds had a great deal to do with our success.

MRS. JOHN M. HOUSE, Billings, Co., N. D.

THE VERY BEST WRINKLED SORTS.

AMERICAN WONDER—The earliest of Dwarf Wrinkled varieties. Grows about nine inches high. Pods well filled, exceedingly sweet, well flavored. Price: Pkt., 10c; 1-2 pt., 20c; pt., 80c; qt., 50c. Postpaid.

AMERICAN WONDER

NOTT'S EXCELSIOR—One of the most popular of the dwarf peas. Nearly as hardy as the round seeded sorts and only a few days later. It is one of the heaviest yielding dwarf peas, producing an abundance of well filled pods of about three inches in length. The vines grow about 15 inches high, are strong and require no support. We are sure all who have planted this pea in the past will again and most strongly urge those who have not tried it to do so. Price: Pkt., 10c; 1-2 pt., 20c; pt., 85c; qt., 55c. Postpaid.

PREMIUM GEM—The Premium Gem is a relative of the Little Gem. It is very much like it, only if anything a little better yielder. It comes on about the same time as the Little Gem, has a delicious sweet flavor, and will give eminent satisfaction to Northern Growers for table purposes. Price: Pkt., 10c; 1-2 pt., 20c; pt., 30c; qt., 50c. Postpaid.

Northern Seed Company, Valley City, N. D.

Dear Sirs: I am well pleased with the seeds I received from you. They all came up good, and I had the best garden I ever raised in North Dakota. I think you will get more orders next spring from people around here, as my neighbors have asked me where I got my seeds and said they would send to you next spring, and I surely will. Thanking you for prompt delivery, I remain

Yours respectfully,

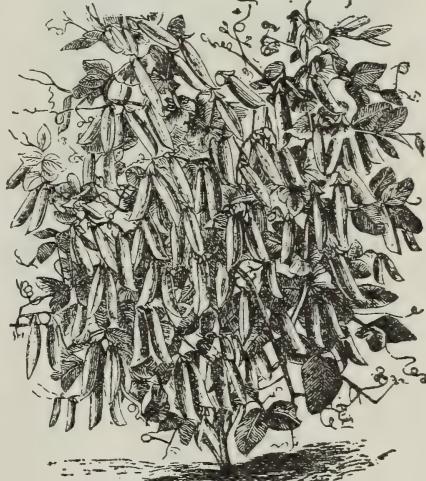

MRS. CLARA BOHMBACH, Minot, N. D.
Route No. 3.

MCLEAN'S LITTLE GEM—Rich, Buttery, Delicious, Superlative. The qualities of this pea are so distinctive and many, and the strain such a popular favorite that its merits are well known to all. It is a dwarf green wrinkled variety of an exquisite buttery flavor almost perfection itself. It is a very early sort of superb quality. Pods are of good size and well filled. Grows about 18 inches high and very prolific. Price: Pkt., 10c; 1-2 pt., 20c; pt., 30c; qt., 50c. Postpaid.

DWARF CHAMPION—This is a rather new sort which is becoming very popular for both the market and home garden. The vine grows about three feet high, is hardy, vigorous, and prolific. Pods are about four inches long, well filled with large tender peas. Price: Pkt., 10c; 1-2 pt., 20c; pt., 35c; qt., 60c. Postpaid.

CHAMPION OF ENGLAND—A prolific variety generally admitted to be one of the sweetest and best flavored of the late peas. The vines grow to a height of about four and one-half feet, the pods are a dark rich green of about three and one-half inches in length. These always find a ready market and the extremely desirable for table use. Price: Pkt., 10c; 1-2 pt., 20c; pt., 35c; qt., 60c. Postpaid.

HOME GROWN

BLISS EVERBEARING

BLISS EVERBEARING—A stocky growth of about two and one-half feet in height, bearing 8 to 10 broad, well filled pods, containing large, tender, exceptionally fine flavored peas. Under proper conditions these peas will throw out branches bearing pods which mature in succession, therefore prolonging the season. Price: Pkt., 10c; 1-2 pt., 15c; pt., 25c; qt., 45c. Postpaid.

Northern Seed Company, Valley City, N. D.

Gentlemen: The alfalfa seed I bought from you is all right. It looks to be a good stand so far.

JAS. C. WATKINS, Morton Co., N. D.

Northern Seed Company, Valley City, N. D.

Dear Sirs: Last spring I bought quite a number of seeds of different kinds, and I can truly say that they are the best garden seed I have ever planted regardless of where they came from. I am going to plant more seed next spring, and I want your catalog, so I will be sure of getting good seed. If any one doubts this, just write to

I. B. HATFIELD, Highgate, S. D., Box 161.

PARSLEY

CHAMPION MOSS CURLED—The color is a rich green, the leaves so curled as to look like moss at a short distance. It is slow to run to seed making it popular for flavoring and garnishing. Price: Pkt., 5c; oz., 15c; 1-4 lb., 40c; lb., \$1.25. Postpaid.

PEPPER

BULL NOSE OR BELL PEPPER—Large, short bell shape. Flesh hard and less pungent than most other varieties and one of the earliest varieties. Desirable for pickling when green. Price: Pkt., 5c; oz., 25c; 1-4 lb., 75c. Postpaid.

LONG RED CAYENNE—A popular medium early sort having a slender, twisted and pointed pod nearly four inches long. The fruit is a deep green when young but turns to a bright red when ripe. Price: Pkt., 5c; oz., 25c; 1-4 lb., 75c. Postpaid.

BELL OR BULL NOSE

PUMPKINS

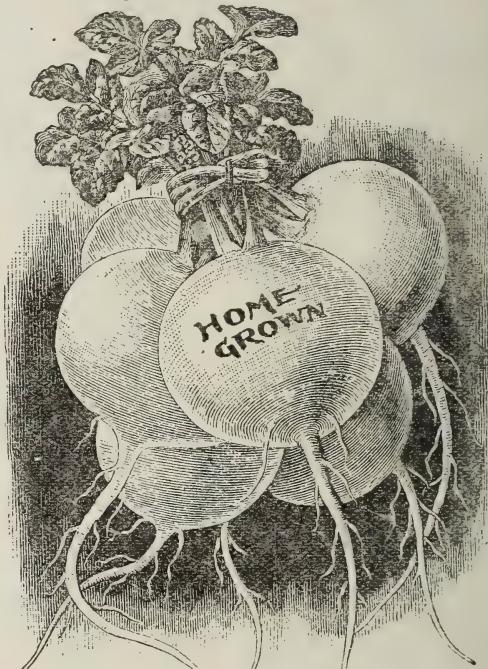

CONNECTICUT FIELD PUMPKIN—Grows very large; of an orange yellow color. Is easily grown for stock feeding purposes, but also used for making pies. Very productive. Price: Large pkt., 5c; oz., 10c; 1-4 lb., 15c; lb., 40c. Postpaid.

SUGAR OR NEW ENGLAND PIE PUMPKIN—This is a small, very sweet fine garden variety. Skin is deep orange, flesh rich yellow; the very best quality. Excellent for pies. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

NEW ENGLAND
RADISHES

EXTRA EARLY SCARLET TURNIP—Turnip shape, deep red color, small top. Very desirable for out door planting as well as forcing. A very early variety. Very popular in both the home and market garden. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

EARLY SCARLET TURNIP

Northern Seed Company, Valley City, N. D.

Gentlemen: As manager of the Nester Farm, I have planted all the way from 50 to 75 bushels of your Northwestern Dent Seed Corn for the last four years. It is with pleasure I recommend this corn to growers. It has always given us the best of satisfaction. We find that your corn ripens earlier and more evenly than corn we have bought from other seedsmen. You may count on us for a regular customer for this kind of corn in the future.

Very truly yours,

A. A. BOOTH, Mgr., Nester Farm,
Valley City, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: We were well pleased with the seeds we purchased from you. They were O. K. I was also pleased with your promptness on a later and larger order, when you promptly returned my check and stated the seeds had not proved satisfactory to you. This proved to me that you do not send out poor seed. Wishing you success, I remain

Yours truly,

K. A. ERSLAND, Driscoll, N. D.

RADISHES (Continued.)

EARLY SCARLET GLOBE—A round, globe shaped, radish with a brilliant red color and crisp white flesh. The bright color is retained long after they are pulled making it a great favorite with most gardeners. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

EARLY WHITE TURNIP—Roots are about one inch in diameter, pure white and matures very early. While largely grown out of doors its short top and quick growth make it suitable for forcing. The flesh is crisp, tender and sparkling white. Price: Pkt., 5c; oz., 10c; 1-4 lb., 20c; lb., 60c. Postpaid.

CHARTIER—The roots are in good condition for table use until they reach a diameter of an inch and one-quarter. The flesh is a clear white remaining hard and crisp until the growth is too large. The shape is long, round, tapering and of a scarlet color, shading to a white pointed tip. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 70c. Postpaid.

WHITE STRASBURG—Good for use when comparatively small, continue sweet and tender until they attain a length of five or six inches. One of the best large white summer radishes. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

EARLY SCARLET WHITE TIPPED—A very handsome turnip radish and will attract attention in any market. The color is a bright scarlet with a white tip. The flesh is white and of excellent quality. Our stock is of the best, and is very attractive

in its exceptional coloring; the red being very deep, showing the white very distinctively. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

FRENCH BREAKFAST

FRENCH BREAKFAST—A great favorite. Beautiful bright scarlet with a pure white tip. Oblong in shape, medium size, and a quick grower. It is a favorite variety on account of its exceptional quality and attractive appearance. Extra good for forcing or the open ground. Price: Pkt., 5c; oz., 10c; 1-4 lb., 20c; lb., 65c. Postpaid.

WHITE OLIVE—This radish grows to about the same size as the French Breakfast but is pure white and does not become pithy as quickly as some of the other sorts. This variety is fine flavored and does not get strong also remains longer in condition for use than most others. This radish we feel satisfied will please the most critical. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

BLACK SPANISH (Winter)—Roots large, long, all most black with firm, white flesh. Mature roots are from seven to nine inches long and two to three inches through. Winter radish seed should be planted in August in a rich sandy soil, in rows about 20 inches apart. They should be thinned to three inches apart and given frequent cultivation. Pack in damp sand and store in cool cellar. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 75c. Postpaid.

Northern Seed Company, Valley City, N. D.

Gentlemen: All the seeds we bought from you are doing fine. The oats and alfalfa are going to make a good stand.

Yours,
J. L. DEDRICK, Pembina Co., N. D.

Northern Seed Company, Valley City, N. D.

Dear Sirs: We bought some of your Northwestern Dent Corn last year and we find it ripens 10 days earlier than corn we bought from another seed house the year before. You can rely upon us for a steady customer.

JENS JOHNSON, Stutsman Co., N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: All the garden seeds I purchased from you last spring grew fine and I have an abundance of all kinds of garden truck.

Very truly,
NEIL O. LAGARD, Upham, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: Our flower seeds are the best we have ever used and are second to none for quality. We heartily recommend your house to anyone wanting seeds.

Yours respectfully,
ALBERT CANNON, Custer, Co., Mont.

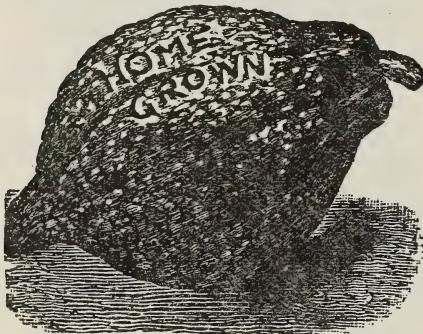

SALSIFY OR VEGETABLE OYSTER

MAMMOTH SANDWICH ISLAND—Very large and strong growing with long smooth tapering roots and grassy tops. The flavor when cooked is similar to oysters and may be served in numerous ways. This vegetable should be in every cellar for winter use. Price: Pkt., 5c; oz., 25c; 1-4 lb., 80c; lb., \$2.00. Postpaid.

SUNFLOWER

LARGE RUSSIAN—Some times attains a height of 12 or 14 feet, of very strong stalk, bearing a large broad head or flower. This variety will often yield 100 bushels to the acre and make exceptionally fine feed for poultry. The heads may be dried and flailed or run through a thresher. Price: Pkt., 5c, 1-4 lb., 10c; lb., 25c. Postpaid. Ten pounds, \$1.50, express prepaid.

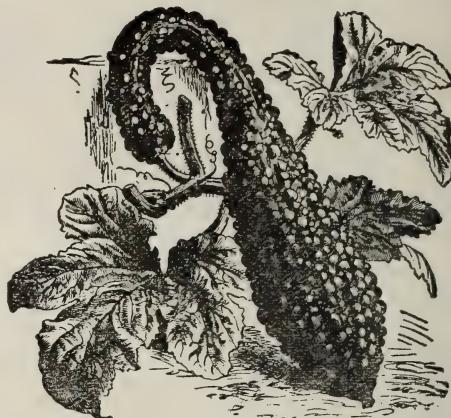

SQUASH

HUBBARD

HUBBARD—Considered the best of the winter squashes. The vines are vigorous and very productive. Fruit large heavy, with a dark green, very hard shell. Flesh is a rich orange yellow, fine grained, thick and delicious flavor. Is an excellent keeper and will stay in good condition until spring. Price: Pkt., 5c; oz., 15c; 1-4 lb., 50c; lb., \$1.50. Postpaid.

EARLY WHITE BUSH SCALLOP—This is the well known, very early, somewhat flattened, scalloped bush squash of medium size. The vines are vigorous and prolific, producing an abundance of smooth, creamy white fruit. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 90c. Postpaid.

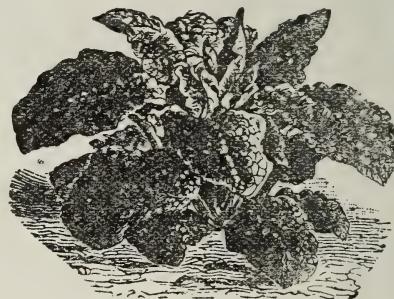

SUMMER CROOKNECK

EARLY SUMMER CROOKNECK—One of the best known of the summer squashes. Fruit is a bright orange yellow with a crooked neck and thickly warted. When ripe the shell is very hard, the average length is twelve inches. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., 85c. Postpaid.

SPINACH

BLOOMSDALE SAVOY LEAFED—No better greens can be procured. An excellent variety for spring planting also fine for fall planting intended to be used in the early winter. In warm weather the growth is very rapid and will run to seed quickly, but by pinching the buds off as quick as formed, causes more leaves to grow and prolongs the season. Price: Pkt., 5c; oz., 10c; 1-4 lb., 20c; lb., 60c. Postpaid.

Northern Seed Company, Valley City, N. D.

Dear Sirs: I am well satisfied with the Seed Corn received from you. It has grown fine and will yield a good crop this year. I think it matures very early and is just what is wanted in this northern country.

Respectfully,
ED. F. WERTHMANN, Epswich, S. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: Last spring I bought some garden seeds from you, and I am glad to say that they gave very good results.

Yours very truly,
REV. CARL A. ANDEER, Sheyenne, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: Last spring I sent you an order for some Red Weatherfield Onion Seed. They were the best onions I ever raised.

Yours truly,
LLOYD JOHNSON, Nome, N. D.
Dane Valley, Montana.

Northern Seed Company, Valley City, N. D.

Gentlemen: I wish to say that the seeds received from you last spring have been very satisfactory, and every variety has met with our highest expectations.

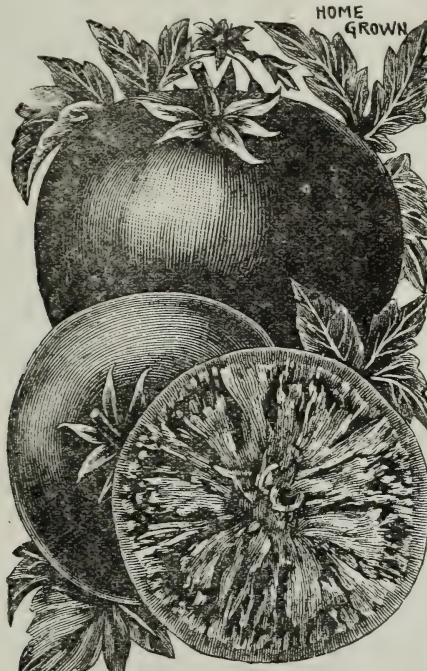

Very truly yours,

A. FRYHLING.

TOMATOES

EARLIANA—Is an excellent early tomato, large in size, of a beautiful color, has few cells and nearly seedless; very solid. A vigorous grower, a prodigious bearer, yielding its fruit until frost comes. Price: Pkt., 5c; 1-2 oz., 25c; oz., 40c; 1-4 lb., \$1.25; lb., \$3.25. Postpaid.

ACME—Is a very popular early variety, smooth and round; purple fruit. Ripens early in the season; fruit rather soft. Price: Pkt., 5c; oz., 20c; 1-4 lb., 60c; lb., \$2.25. Postpaid.

DWARF CHAMPION—Sometimes sold by seedmen as Tree Tomato, stands up well when loaded with fruit. May be planted close together. Very desirable for summer gardens. Extra early; smooth and attractive. Skin is tough, flesh solid, has a good flavor. Price: Pkt., 5c; oz., 20c; 1-4 lb., 75c; lb., \$2.25. Postpaid.

Northern Seed Company, Valley City, N. D.
Gentlemen: I used your seeds this year and had good success. I shall use them again.

Yours truly,

MRS. E. W. PATTON, Steele, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: I have grown your seed corn for the past two years and although last season was not at all favorable I got a good stand. I would not purchase seed corn from any other seed house, for this locality.

Yours truly,

F. P. HAWLEY, Billings, Co., N. D.

YELLOW CHERRY—Fruits are of a light lemon-yellow, about half an inch in diameter, bears early and freely until frost. Price: Pkt., 5c; oz., 20c; 1-4 lb., 60c; lb., \$2.00. Postpaid.

GROUND CHERRIES

Fine for making pies or delicious for preserves. The vines cover the ground and yield abundantly. The fruit is enclosed in a husk. Price: Pkt., 5c; oz., 25c; 1-4 lb., 85c; lb., \$3.00. Postpaid.

SPECIAL NOTICE FOR TOMATO SEEDS

FISH'S JULY TOMATO.

S. E. Fish, pastor of the Getchell Congregational church Valley City, N. D., for the past five years has been able to pick ripe tomatoes before August 1st, hence the name. Anyone wishing to try this extraordinary strain, we price them at 20 seeds for 10c. Postpaid. Our stock of this seed is limited and orders should be sent in early. Price: 20 seeds for 10 cents. Postpaid.

TURNIPS

PURPLE TOP STRAP LEAF—A general favorite and more extensively grown than any other turnip. Will form good sized bulbs in seven or eight weeks. Clear purple above ground, white below. Flesh white, sweet and tender. Price: Pkt., 5c; oz., 10c, 1-4 lb., 20c; lb., 60c. Postpaid.

EARLY WHITE EGG—Pure white, very handsome, well known. Excellent for early or late crop. A quick grower and good keeper. Flesh firm and mild. Price: Large pkt., 5c; oz., 10c; 1-4 lb., 80c; lb., \$1.00. Postpaid.

PURPLE TOP STRAP LEAF

RUTABAGAS

IMPROVED AMERICAN PURPLETOP—Of uniform shape, fine quality. Grows to a large size; skin smooth, flesh beautiful and fine grained, sweet and tender, excellent flavor, tops small and necks short. Price: Large pkt., 5c; oz., 10c; 1-4 lb., 20c; lb., 60c. Postpaid.

HERBS

Utilize the corners for a few Pot and Sweet Herbs (for flavoring meats, soups, etc.) indispensable to every garden, while Medicinal Herbs will be found useful. Thrive nicely along sunny side of fence in a deep, fairly rich soil.

ANISE—Used for cordials, garnishing and flavoring. Price: Pkt., 5c; oz., 20c. Postpaid.

BALM—Leaves used for making pleasant beverages. Price: Pkt., 5c; oz., 25c. Postpaid.

BASIL SWEET—The leaves are used in flavoring soups, etc. Price: Pkt., 5c; oz., 20c. Postpaid.

BORAGE—Leaves used for flavoring, and flowers furnish bee pasture. Most easily grown in any place. Price: Pkt., 5c; oz., 15c. Postpaid.

CARAWAY—Grown for seeds; used for flavoring soups. Price: Pkt., 5c; oz., 10c. Postpaid.

CATNIP or CATMINT—Leaves and young shoots used for seasoning. Price: Pkt., 10c; oz., 40c. Postpaid.

CORIANDER—Seeds used in the manufacture of liquors, in confectionery and culinary preparations. Price: Pkt., 5c; oz., 10c. Postpaid.

DILL—Seeds have an aromatic odor and pungent taste. Price: Pkt., 5c; oz., 10c. Postpaid.

FENNEL SWEET—Ornamental; when boiled, used in fish sauce. Price: Pkt., 5c; oz., 10c. Postpaid.

HOREHOUND—Used for seasoning and cough remedy. Price: Pkt., 5c; oz., 30c. Postpaid.

LAVENDER—An aromatic and useful medical herb. Price: Pkt., 5c; oz., 20c. Postpaid.

MAJORAM SWEET—Leaves and shoots for seasoning. Price: Pkt. 5c; oz., 20c. Postpaid.

PENNYROYAL—Agreeable odor and flavor. Price: Pkt., 10c; oz., 75c. Postpaid.

ROSEMARY—The leaves of this plant are aromatic. Price: Pkt., 5c; oz., 20c. Postpaid.

SAGE—An indispensable herb for seasoning. Price: Pkt., 5c; oz., 20c. Postpaid.

SUMMER SAVORY—Used for flavoring soups. Price: Pkt., 5c; oz., 15c. Postpaid.

GARDEN OF MRS. CORDES, DOUGLAS, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: We purchased your garden seed from our dealer last spring, this being the first time we tried your seeds, and can truthfully say that our garden was far better than when we used Wisconsin or Minnesota grown seed.

Dec. 17, 1912.

Yours for success,

HANNAH CODRES, Douglas, N. D.

P. S.—I enclose a picture of the garden which you may use for your catalog.

FLOWER SEEDS

SWEET PEAS

SWEET PEAS—(CHOICE MIXED.)

We have taken a great deal of pains in giving color to our Sweet Peas. Our Mixed Sweet Peas contain the effulgence of the individual flowers. We have had arbors the last two years from our seed that were certainly wonders. Space prohibits our running pictures of these, but we make the following offer: To any one who buys one pound or more of our Sweet Pea Seed that from a color standpoint, do not surpass anything they have previously had, we will cheerfully refund their money. Price: Pkt., 5c; oz., 10c; 1-4 lb., 25c; lb., \$1.00. Postpaid.

SWEET PEAS—(Spencer Mixed)—The flowers of this sort are exceptionally large, and attractively graceful. This is a strictly up-to-date blend of all the latest shades, containing white, pink, scarlet, lavender, blue, primrose, maroon, striped and variegated. Price: Pkt., 10c; oz., 25c; 1-4 lb., 75c; lb., \$2.25. Postpaid.

LARKSPUR

LARKSPUR—(Tall Mixed)—Noted for their richness of color. A very ornamental class of profuse blooming plants. Hardy annual. Price: Pkt., 5c. Postpaid.

Northern Seed Company, Valley City, N. D.

Gentlemen: The Timothy Seed and Bromus Seed I bought from you last spring were very fine and clean. I sowed same with wheat and they have made a good stand. Yours respectfully,

ALBERT DUBAY, Fonda, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: The Seed Corn I got from you was good. I planted it May 2nd and now it is ripe, good and hard, so I am well pleased with it.

Yours truly,
T. H. THOMPSON, Enderlin, N. D.

AGERTUM BLUE

AGERTUM BLUE—Fine for bouquets, useful for beds, border and hot plants. The flowers are graceful tufts of fine petals that remain fresh for a long time after it is cut. The plant blooms all summer. A half-hardy annual six inches high. Price: Pkt., 5c. Postpaid.

AGERTUM

MARIGOLD

MARIGOLD—(Dwarf French)—Colors: Red, yellow, brown and variegated. Can be grown to good advantage in little clumps with other plants, in the front of shrubberies or in the garden border. Price: Pkt., 5c. Postpaid.

PANSIES

PANSIES—We buy our Pansy Seed from one of the largest and most particular Pansy producers in the world. One of the Pansy beds last year produced 158 different shades and varieties. Often times single flowers, under good conditions, will measure 5 inches in diameter. It is with a great deal of confidence that we recommend our Pansy Seed to the particular flower grower. We know it will give satisfaction. Price: Pkt., 5c each. Postpaid.

ANEMONE

ANEMONE—(Wind Flower)—Among the earliest of the spring flowers. Several shades of color. Price: Pkt., 5c. Postpaid.

Northern Seed Company, Valley City, N. D.

Gentlemen: I found your seed all O. K. and up to the standard in every respect. Yours truly,
J. C. IMBODEN, Lisbon, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: I wish to say that I am very much pleased with the seed I bought from you. I tried different kinds of seed from different companies this spring, but none grew so fast and sure as yours. I shall order my seeds from you in the future.

Yours truly,
ALBERT KAUPANG, Knox, N. D.

ASTERS

ASTERS

ASTERS—(Mixed)—Bloom from early summer until frost. They grow in all climates and are planted besides fences, in borders and in beds. The flowers are fine in bouquets. Price: Pkt., 5c. Postpaid.

CANTERBURY BELLS

CANTERBURY BELLS—Handsome, hardy biennial, rich of color and profuse bloom. Price: Pkt., 5c. Postpaid.

CASTER BEANS

CASTER BEANS—Extra large plants for lawns; leaves of glossy green or brown with spikes of scarlet or green prickly fruit. Makes a rapid, vigorous growth in rich soil. Price: Pkt., 10c; oz., 20c. Postpaid.

CONVOLVULUS

CONVOLVULUS—(Minor Mixed)—A member of the Morning Glory family but has different habits. Is dwarf and the flowers open at mid-day. Price: Pkt., 5c. Postpaid.

CONVOLVULUS—(Major Mixed)—Another member of the Morning Glory family with habits nearly the same. Price: Pkt., 5c. Postpaid.

FOR-GET-ME-NOTS

FORGET-ME-NOTS—(Blue)—An old favorite bearing cluster of star shaped flowers; thrives well in shade or open border. Hardy perennial. Price: Pkt., 5c. Postpaid.

FOUR O'CLOCK

FOUR O'CLOCK—Produces a profusion of multi-colored flowers, which open about four o'clock in the afternoon. Price: Pkt., 5c. Postpaid.

Northern Seed Co., Valley City, N. D.

Gentlemen: The garden seeds bought from you last spring all grew and did nicely, although the season was not a favorable one. The timothy, clover, brome grass and alfalfa were exceptionally good, free from foul stuff and made a good growth.

Yours truly,

W. M. BROWN, Ambrose, N. D.

Northern Seed Co., Valley City, N. D.

Gentlemen: We have used your garden seeds now for four years in succession and after a careful investigation we find they are a great deal earlier than seeds we buy from Southern and Eastern houses. We are satisfied this is caused by their being acclimated.

Yours truly,

K. A. JORGESSON, Foster C., N. D.

Northern Seed Co., Valley City, N. D.

Gentlemen: The seed purchased from you last spring germinated very good. I had a full stand of corn, which matured. I am pleased to know that we have one seed house in the state where we can get good seed and a square deal.

W. L. FORESTER, Hillsboro, N. D.

PINK

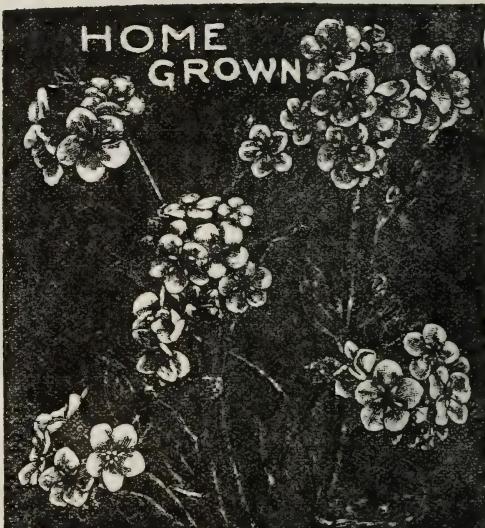

PINK—(Dianthus)—Blooms are rich, pleasing colors and nothing can surpass the exquisite fragrance of some varieties. They are hardy and become perennial in warm climates. Price: Pkt., 5c. Postpaid.

POPPY

POPPY—(Mixed Carnation)—Hardy annual. For absolute richness and variety of color the flowers are unequalled. Simply scatter the seed in the open and a mass of beauty will result, which will amply repay the grower. Price: Pkt., 5c; oz., 50c. Postpaid.

PETUNIA

PETUNIA—(Fine Mixed Singles)—Very showy in beds or masses. Universal favorites on account of their richness of color and fragrance, continuous blooming, succeeds well everywhere. Price: Pkt., 5c. Postpaid.

FOR-GET-ME-NOTS

PORTULACA

PORTULACCA

PORTULACCA—(Single Mixed)—A small trailing plant, bearing bright delicate flowers. It thrives in a sandy soil, with plenty of light and heat. Hardy annual. Price: Pkt., 5c. Postpaid.

Northern Seed, Co., Valley City, N. D.
Dear Sirs: Last spring I ordered seeds from your house and I found them superior to any I have ever tried. I find them better adapted for the climate than Eastern or Southern grown seeds.

Very truly,

MRS. S. E. FULLER, Edna, N. D.

Northern Seed, Co., Valley City, N. D.
Dear Sirs: I am well pleased with the seeds I received from you. They all came up good, and I had the best garden I ever raised in North Dakota. I think you will get more orders next spring from people around here, as my neighbors have asked me where I got my seed and said they would send to you next spring, and I surely will. Thanking you for prompt delivery, I remain

Yours respectfully,

MRS. CLARA BOHMBACH,
Minot, N. D., Route No. 3.

Northern Seed, Co., Valley City, N. D.
Dear Sirs: I am just cutting the oats I raised from your seed. I am getting about eight tons of straw per acre and the heads are well filled. They are giving a very good yield. Yours very truly,

MORTON GANZ,
Jackson, Co., Oregon.

Northern Seed, Co., Valley City, N. D.
Dear Sirs: I am perfectly satisfied with the seeds I received from you this spring. Every seed seemed to be fertile and the vegetables are of a very fine flavor, the best we have ever eaten.

Yours very respectfully,
MRS. JOSEPH KIMAS,
Carrington, N. D.

ZINNA

ZINNA—(Fine Mixed)—A very showy and beautiful flower; appropriate for bedding, pot culture and cutting, for which it is well adapted. Half-hardy annual. The earliest bloomer of all. Price: Pkt., 5c. Postpaid.

MORNING GLORY

MORNING GLORY—(Tall Mixed)—The grandest of all climbing plants. The flowers are exceedingly beautiful. Vines grow quickly. Easy to cultivate. Fine for covering arbors, trellises, porches, etc. Price: Pkt., 5c. Postpaid.

BALSAM OR LADY SLIPPER

BALSAM OR LADY SLIPPER—(Double Camelia, Flowered)—An old fashioned garden flower presenting beautiful masses of brilliant colored double flowers in great profusion. Easy to cultivate. Succeeds best in good rich soil. Price: Pkt., 5c. Postpaid.

CANDYTUFT

CANDYTUFT—Flowers from July until frost. Very hardy, easy to cultivate. Height one foot. Universally known and cultivated. Price: Pkt., 5c. Postpaid.

SWEET ALYSSUM

SWEET ALYSSUM—A hardy annual; white flowers grow in great profusion, delicately fragrant and valuable for cutting. Makes a good basket or pot plant, also valuable for carpet bedding. Sow border thickly so as to make it mass. Price: Pkt., 5c. Postpaid.

MIGNONETTE

HOLLYHOCK

HOLLYHOCK—(Altheas)—For a back ground to a flower garden there can be nothing better. Sow in June or July and plants will bloom the next summer. Hardy perennial. Price: Pkt., 5c. Postpaid.

MIGNONETTE

MIGNONETTE—A hardy annual highly esteemed for its delicate fragrance. It grows best in damp weather of early spring or fall. Price: Pkt., 5c. Postpaid.

HELIOTROPE

HELIOTROPE—A great favorite with all lovers of flowers for their beauty and fragrance; are well suited for beds or borders, where they will bloom in summer, and may then be carefully potted and cut back for winter blooming. All should try raising these from the seed and obtain a nice assortment. Price: Pkt., 5c. Postpaid.

CYPRESS VINE

CYPRESS VINE—A handsome climber with star like flowers and delicate foliage. Height 15 feet. Half-hardy annual. Price: Pkt., 5c. Postpaid.

PHLOX

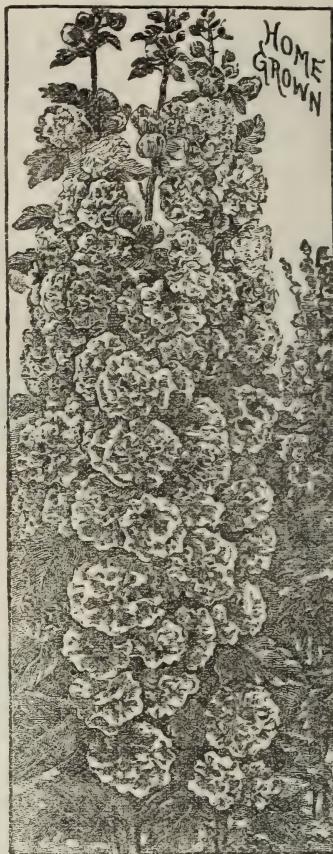

PHLOX—(Mixed)—No flowers are more showy or brilliant than this popular annual, which thrives so abundantly throughout our country. We know of no plant more easily grown or which gives better satisfaction. It should be in every garden. Price: Pkt., 5c. Postpaid.

VERBENA

VERBENA—(Fine Mixed)—Fine for mounds, vases, etc. Half-hardy perennial. Finest mixtures. Price: Pkt., 5c. Postpaid.

NASTURTIUM DWARF

NASTURTIUM DWARF—(Mixed)—This plant is and always will be justly popular. It grows in almost any soil and stands heat and drought as few other plants can. The Dwarf varieties make very fine beds. The seeds are used as a substitute for capers. Hardy annual. Price: Pkt., 5c; 1-4 lb., 40c; lb., \$1.25. Postpaid.

HOLLYHOCKS

Northern Seed Company,
Valley City N. D.

Gentlemen: The Seed Corn I got from you last spring was fine. I believe that every kernel grew. I have a fine stand.

Yours respectfully,
ENCIL HOUDEK,
Houdek, S. D.

Northern Seed Company,
Valley City N. D.

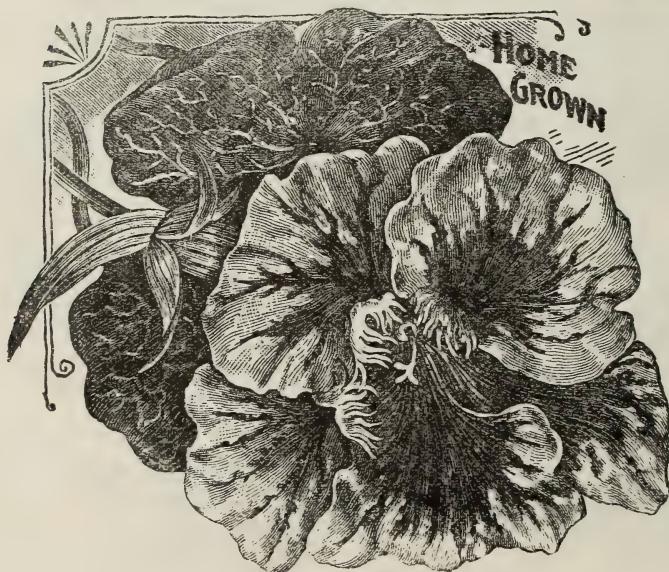

Gentlemen: The Garden Seeds and Seed Corn purchased from you last spring have given the best of satisfaction. I have recommended them to others.

Sincerely yours,
J. T. SCOTT,
Forbes, N. D.

Northern Seed Company,
Valley City N. D.

Gentlemen: The seed I bought from you last spring all grew and did well. The Corn is ripe and a good crop. I am sorry I did not get more of the seed. The Peas were the best that I ever planted, both in quality and quantity.

Very truly yours,
J. L. CLARK,
Steele, N. D.

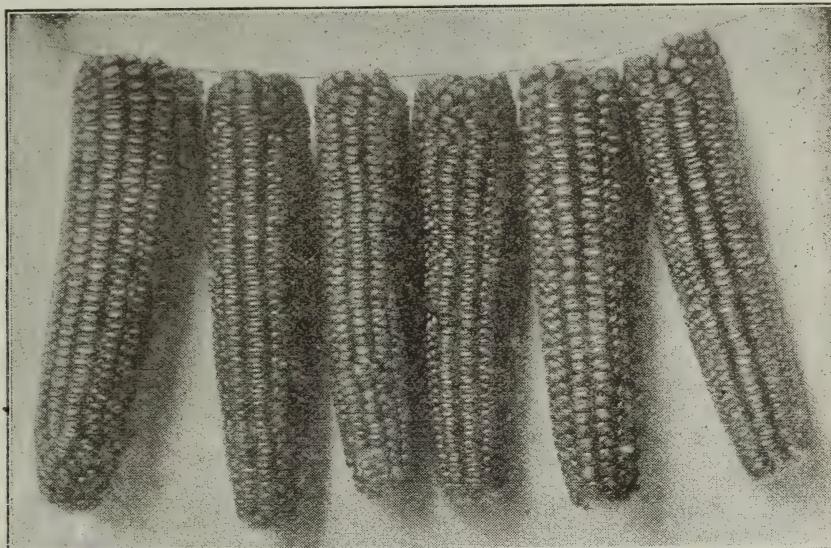

NASTURTIUM

FIELD SEEDS

Last season was a poor season for seed corn. Everyone handling any amount of seed corn had more or less trouble. Owing to the trouble caused by stocks of some of our growers, we have contracted that a guaranteed germination test be furnished with each lot, of 85 per cent or more. The corn we are

offering is raised as far north as is reasonably sure of a crop maturing. The varieties we are listing are of the best known and the most grown of all sorts in this latitude. This corn will not be shipped until thoroughly cured which will be in plenty of time for any who wish to test same.

NORTHWESTERN DENT

DENT CORN

NORTHWESTERN DENT—One of the early maturing corns and the best known, most grown of all varieties in our territory. The stalks grow to a height of about seven feet under ordinary conditions. The ears are from seven to ten inches long, covered from butt to tip with medium sized red kernels with a yellow cap. This corn may be planted to advantage either in drills or check-rowed. Some seasons this is the only variety of dent corn to ripen in the extreme north. Another strong feature is that the ears grow well up on the stalk so a corn binder can

be used. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be sent in a bag.

MINNESOTA NO. 13—The earliest of the yellow dent corns. Minnesota No. 13 often matures in 90 days where the soil and location are favorable and is sure in 95 to 100 days under varied conditions. The ears average about eight inches, with sixteen to twenty rows of bright yellow, smooth, tapering kernels; the cobs are closely packed and well filled with plump kernels the full length. No corn excels Minnesota.

Northern Seed Company, Valley City, N. D.

The seeds I got from you were all right. They grew well and are doing fine. I think it pays to get seeds grown as near home as possible.

Respectfully yours,

S. T. LINN, Center, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: The seeds I purchased from you last spring have proven to be O. K. Every seed came up and the yield, although a dry season, is very good.

Yours truly,

E. A. FETCHER, Enderlin, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: The garden seeds we received from you grew fine. They were the best we have had in the state. We had a better garden this year than we had for ten years.

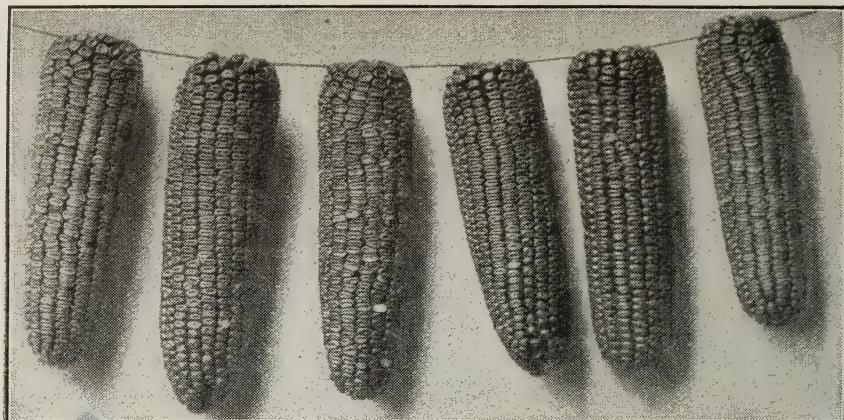

C. H. JENKS, Devils Lake, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: Last spring I purchased some vegetable seeds and also some flower seeds from you. I am happy to say they did splendidly, especially the Sweet Peas, which are perfectly beautiful.

Yours truly,

MAUDE SEMOND, Spink Co., S. D.

MINNESOTA NO. 18

DENT CORN (Continued.)

nesota No. 13 in quality or appearance as it grows about seven feet tall and is very leafy. This corn is also especially desirable to farmers wishing to try a different variety or change their entire acreage for it readily adapts itself to change of soil and climate, many varieties of corn will not do this, sometimes taking years to become thoroughly acclimated. Minnesota No. 13 is grown with big success under many and varied conditions. Prices upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

WHITE RUSTLER—The earliest white dent corn in existence. This corn is a prize winner wehre ever exhibited. The ears have 14 to 18 rows of well set good sized kernels. The ears are well up from the ground permitting the use of the corn binder. The White Rustler is the best white dent corn for our territory as the stalks attain heighth of about eight feet making excellent fodder and the quality of the grain make it well worth growing. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

WHITE RUSTLER

Northern Seed Company, Valley City, N. D.

Gentlemen: I do not think that money can buy any better seed than we bought from you last spring. You may be sure of an order from us next spring. Wishing you success, I remain,

Very truly yours,
C. J. BIEBER, Linton, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: I am well pleased with the seed I got from you. All the seed grew and is maturing nicely. You may expect my order the coming spring.

Respectfully yours,
MRS. LOVILA SHOEMAKER,
Lamoine, N. D.

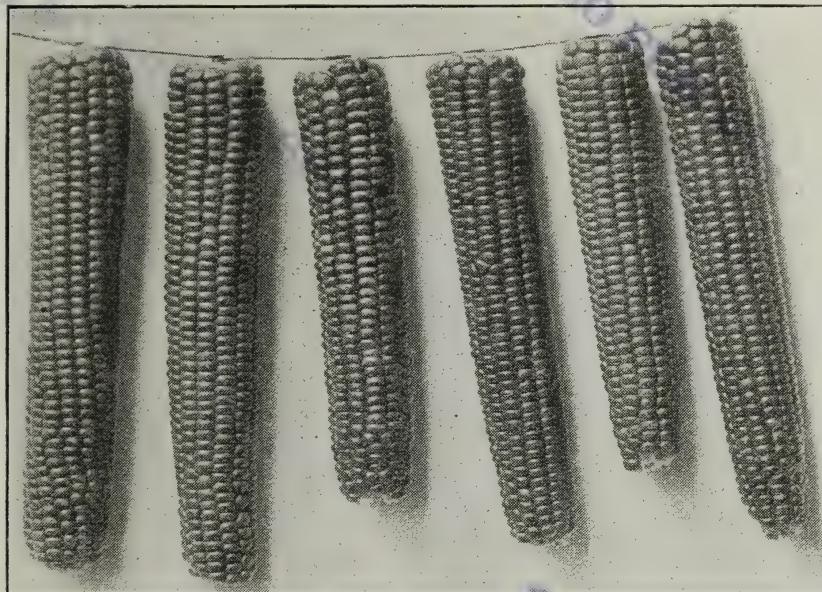

FODDER CORN

Fodder corn is raised especially for the forage and will produce more feed per acre than any other grass or grain. It may be put in where other crops have failed even though a trifle late and will make a good stand for fodder. For a silo corn or to be fed green to help out the summer pasture, fodder corn is invaluable. To obtain the best results sow in drills about three and one-half feet apart using from one to one and one-half bushels of seed per acre.

GIANT FODDER—A large yellow dent variety making an immense amount of tall, slender, leafy stalks, where plenty of seed is used per acre. Stock will eat this feed clean so there is no waste in any way. By careful and frequent cultivation, weeds

can be eradicated from a field of fodder corn as well as where corn is check-rowed. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

ELEPHANT FODDER—The seed is white and of good size. This corn has been grown to a height of twelve feet, thereby yielding many tons of rich, juicy, sugary fodder. The joints are short, thus the amount of forage is greatly increased. This corn is a great favorite with dairymen for ensilage. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels, can be shipped in a bag.

MERCER FLINT

FLINT CORN

For an absolutely sure crop of corn some one of the Flint varieties should be planted. However the ears do not, as a rule, grow high enough on the stalk to make the use of a corn harvester profitable. This corn is also particularly valuable for replants on account of its extreme earliness and will make a crop if sowed where some other crop has shown a failure.

MERCER FLINT—An extra early yellow flint, which has been grown in this territory with great success for a number of years. It generally matures in about 80 days. The yield is very heavy, the ears are 12 to 14 rowed and about ten inches long. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

SAYS OUR NORTHWESTERN DENT CORN IS AS EARLY AS SQUAW CORN.

Northern Seed Company, Valley City, N. D.

Dear Sirs: I wish to say the Field Peas ordered from you did very well. I planted them the 9th of April and find they are not hurt by any of the frosts we have had here in the spring. The seed corn germinated well. I think the Northwestern Dent is ahead of the Improved "Squaw" as it grows more fodder and has larger ears, up farther from the ground. They both seem to mature about the same time.

Yours truly,

GEORGE LAWRENCE, Eldridge, N. D.

Northern Seed Company, Valley City, N. D.

Dear Sirs: In regard to the seeds I obtained from you will say I was well pleased with them. All seeds came up and did well. I can recommend your seeds.

Very truly,

MRS. H. GILLETTE, Roscoe, N. D.

Northern Seed Company, Valley City, N. D.

Dear Sirs: The seeds I got from you grew fine and I am well satisfied with them. I would not buy any other kind as long as I can get the Northern seeds. Please send me your catalog next spring.

Yours respectfully,

MRS. OLUF OLSON, Tioga, N. D.

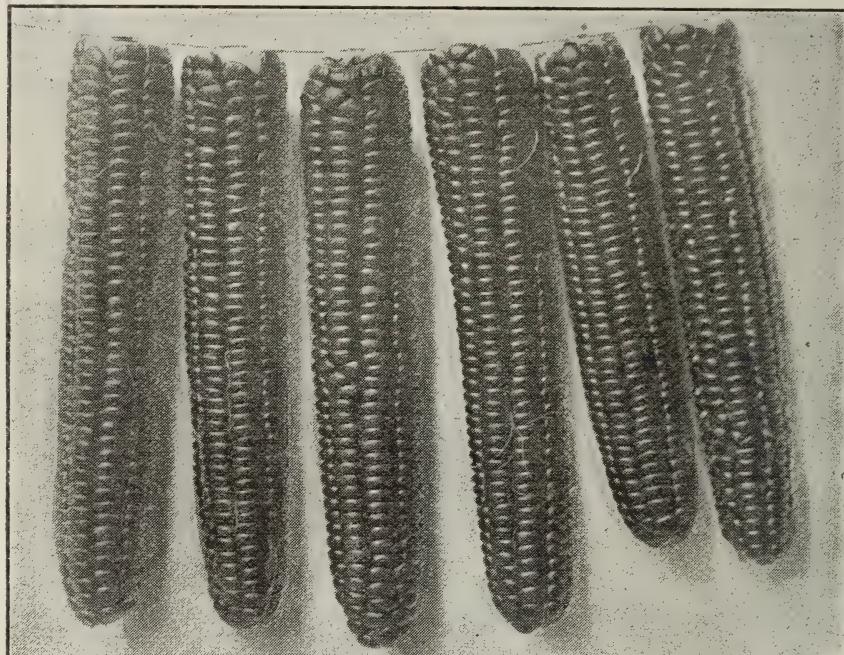

FLINT CORN (Continued.)

NORTH DAKOTA YELLOW FLINT—The yellow flint corn does not grow as high or produce as long ears as the Mercer Flint. It does, however, make a very good yield and is grown largely in our northern most territory, where a yield of ripe corn is desired. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

NORTH DAKOTA WHITE FLINT—This corn strongly resembles the Yellow Flint in all respects except the color of the ear which is white. The stalks grow about five feet high and the ears about

eight inches long. This corn matures early and is adaptable to nearly every latitude. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

KING PHILIP—(An extra early red flint)—This well known corn hardly needs description. The stalks grow about five and one-half to six feet tall, and the ears have eight to twelve rows and are ten inches long. This corn has been a standard for years. Price upon application. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

KING PHILLIP FLINT

BARLEY

MANDSCHEURI BARLEY.

This grand Barley was introduced from Asia by the Ontario Agricultural College several years ago, and is, beyond doubt, one of the most valuable varieties ever introduced into this country, greatly outyielding the once justly renowned Manshury Barley.

It is an early 6-rowed variety, maturing in 80 to 90 days from time of sowing, and is adapted to all kinds of soil and climate; is very strong strawed, stools well, and bears large and well filled heads of plump grain, which possesses malting qualities of the highest order. Another important factor is its nice

Northern Seed Company, Valley City, N. D.

Gentlemen: The seed I bought from you last spring all grew and did well. The Corn is ripe and a good crop. I am sorry I did not get more of the seed. The Peas were the best that I ever planted, both in quality and quantity.

Very truly yours,

J. L. CLARK, Steele, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: I was somewhat disappointed by the looks of the Corn I bought from you last spring as it

was not very "showy" looking, but after testing it I found it to be good seed and in the field it showed even better for it did not miss a hill. Wishing you success, I remain Yours for business,

FERD HAMMERMEISTER, Wahpeton, N. D.

Northern Seed Company, Valley City, N. D.

Dear Sirs: We were very much pleased with your seed corn and would have had a fine crop if the frost had not come so soon. The ears are from 8 to 16 inches long. We will want some of the same corn next year.

Respectfully yours,
CHRIST CARLSON, Sheyenne, N. D.

BARLEY (Continued.)

and bright color, which will not turn dull and yellow when exposed to rainy weather, as most of the other varieties do, and on this account it will always be in good demand by the brewers, and will command the highest market price. A good malting Barley always sells for at least 10 to 15 cents more than such as is discolored and which can only be used for feeding purposes. By growing the Mandscheuri, instead of some common variety, one can quite easily gain from \$6 to \$10 per acre. Price: \$1.25 per bushel. At purchaser's expense, by freight or express. Bags extra 25c. Two bushels can be sent in a bag.

WHITE HULLESS BARLEY.

We have on hand a limited quantity of Hulless Barley which was more or less discolored by the

early fall rains. The germination of this seed is good but we would much prefer to sell this barley by sample rather than have anyone order and expect better looking seed than this barley is.

White Hulless Barley is not a malting barley. There is no other barley raised that can compare with it for feed value, earliness and yield. It will mature in from sixty to ninety days according to climate and soil. Ground with oats it makes an excellent horse feed and is very valuable in that capacity alone. It has been grown for hay purposes. When this is done it should be cut before it is ripe and the stalks green. Price per bushel \$1.00. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in one bag.

WHEAT

DURUM WHEAT.

This grand variety of wheat we are offering is seed raised for seven successive years by Senator J. H. Whitcher of Valley City, and is one of the best varieties of the Durum wheats. The past season the average yield was 80 bushels to the acre. The Durum Wheat will outyield any other variety of spring wheat no matter what the weather conditions are. In a good many foreign countries, the machinery for making flour at present is such that it will grind Durum Wheat but cannot handle any other wheats. This wheat is absolutely pure for in the seven years that Mr. Whitcher has grown it, he has had no other wheat on his farm. Price, \$1.50 per bushel. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

DURUM WHEAT

OATS

REGENERATED SWEDISH SELECT OATS—

The seed of our original stock was imported from one of the most noted oat breeders in England. This stock was put out with a reliable farmer in the Northwestern corner of North Dakota. Since the gratifying results obtained in that latitude we have not considered it necessary to go to the extreme North with this particular oat, the seed we are offering this season is grown from this stock and is the result of careful breeding. This oat is a thin skinned early oat with a very strong straw and is a much heavier yielder than the ordinary oat sold under this name. Price: Bushel 75c. At purchaser's expense, by freight or express. Bags extra at 25c. Two and one-half bushels can be shipped in a bag.

WHITE RUSSIAN OATS—A well known standard main crop oat. They ripen with the Blue Stem Wheat, are extremely hardy and are entirely free from rust and smut. Our stock is extra fine and free from all foul seed or foreign matter. Price: Bushel 75c. At purchaser's expense, by freight or express. Bags extra at 25c. Two and one-half bushels can be sent in a bag.

Northern Seed Company, Valley City, N. D.
Dear Sirs: Your seeds I must say are very good. Mine all grew nicely, and are a great deal better than the seeds I am used to sending East for. I am very glad we have good Northern seed.

Very truly,
MRS. J. D. WILLIAMS, Creston, S. D.

Northern Seed Company, Valley City, N. D.
Dear Sirs: The seeds I purchased from you last spring were satisfactory in every respect. The germinating qualities were high, and they were all true to name. The varieties were well adapted to this

locality. I like your catalog because you list only a few of the choicest varieties. Please send me your catalog, and you may expect an order from me. Wishing you success, I am, Very truly yours.

W M. TREADWELL, Adrian, N. D.
Hays, S. D., Box 46.

Northern Seed Company, Valley City, N. D.
Gentlemen: Our garden is a standing advertisement for you. Every seed seems to have grown. It has attracted the attention of people for miles around.

Yours truly,
MRS. J. C. BANKS, Crook County, Wyoming.

DWARF ESSEX RAPE

This is without question the most popular and profitable of all annual forage plants, and everywhere it is giving the best satisfaction. It is easily grown anywhere and stands unsurpassed as a pasture plant for hogs, cattle and sheep. They eat it greedily and seem to prefer it to any other pasture during the summer and until late in the fall. It can be sown early in the spring to provide early pasture for sheep and hogs or sow in small grain a week or so before cutting to provide pasture after harvest, or

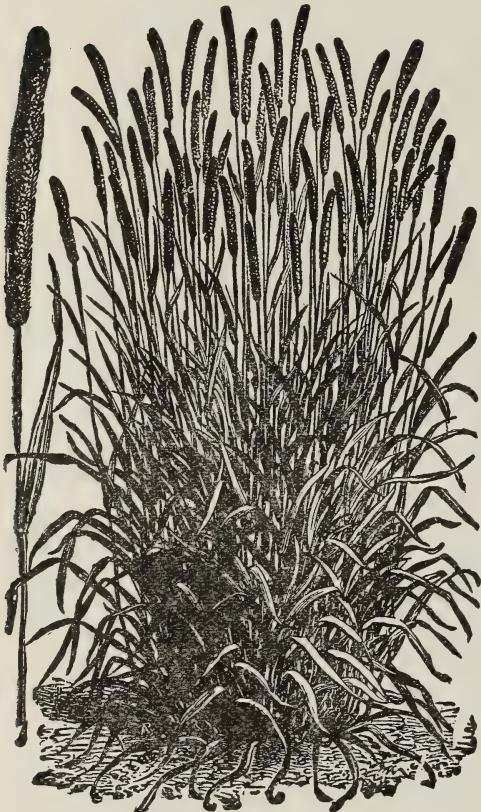

sow on stubble, but it is usually sown in June, July or August with corn or potatoes, or alone on well prepared land for summer or fall pasture. It is extremely cheap and very prolific, having yielded as high as sixteen tons of fodder to the acre. Sow four or five pounds to the acre. It grows very rapidly and keeps the weeds down. We can not recommend Dwarf Essex Rape too highly for any one who raises any pork at all. Our stock is of the best obtainable, clean, and of high germination. Price: 10c per pound.

CANADIAN FIELD PEAS

No wheat farm is complete without a liberal acreage of Field Peas. The nitrogen gathering qualities of this plant is great, consequently, preparing the land better than anything else for the crops of wheat to follow. On farms where nothing but small grains have been raised Field Peas should be grown extensively. Field Peas if plowed under before becoming fully ripe will do as much if not more good

than a heavy coating of manure. By mixing a bushel of Field Peas, a half bushel of oats and a half bushel of barley an excellent pasture is the result. Dwarf Essex Rape may be added to the mixture with very good results. Price: 1-4 bu., \$1.00; 1-2 bu., \$1.75; bu., \$3.25. At purchaser's expense by freight or express. Bags extra at 25c. Two and one-half bushels can be put in a bag.

GRASS

TIMOTHY

TIMOTHY.

As a crop for hay, Timothy is unequalled. Any kind of stock will eat it and relish it. The yield of hay is heavy and the amount of nutritious matter is surprising. Timothy is not good for a permanent

pasture as the roots are more or less destroyed by the hoofs of stock. Our stocks are strictly "Home Grown" having been raised by the best farmers in this locality. Price: 20c per pound, postpaid; \$3.00 per bushel at purchaser's expense, by freight or express. Bags extra at 25c. Three bushels can be sent in a bag.

SLENDER WHEAT GRASS.

Slender wheat grass is some times sold under the name of Western Rye Grass. Our stocks are all analyzed by the State Seed Commission both before we purchase and after same is in our warehouse. In this way we are sure that no seed is of inferior quality. This grass makes an excellent permanent pasture and also provides large quantities of hay if cut early. It is easily grown, does well on alkali land and will put same in shape to successfully raise grain. About 15 pounds are required per acre when sown alone. Price: 15c per pound. Bags free.

ALSIKE CLOVER.

A very hardy variety which does not easily winter kill. It does not grow as high as the medium red but where sown with timothy or other clover it greatly increases the yield as it forms a thick under growth. This clover also does better on wet land than other clover. Price: 35c in ten pound lots; 30c in large lots.

Northern Seed Company, Valley City, N. D.

Dear Sirs: The seeds bought of you last spring were all right in every particular. I planted early. We have much cold weather and the seeds were slow to germinate on account of the cold, but when it got warm enough for anything to grow but few of the seeds failed to germinate and grow, notwithstanding we had a snow storm and freezing temperature after they were planted. Sincerely yours,

ORPHA MEYERS, Belfield, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: We were well pleased with the seed that we purchased from you last spring. Our second order for sweet corn was rather late, still we will have fair returns from it. Turnips, rutabagas and stock carrots did especially fine. Respectfully,

O. W. BABCOCK, Roscoe, S. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: The seeds I bought of you last spring proved to be first class in every respect, and just what you claimed they were. Yours truly,

F. H. LAURENT, Lisbon, N. D.
Route No. 1.

GRASS (Continued.)

BROMUS INERMIS.

The best grass for a permanent pasture. It thrives well on most any kind of soil and will stand an immense amount of trampling. It also makes excellent hay which commands as high a price as any hay on the market. It will winter well, though the weather is extra cold and it also stands hot sun well. It does well in a dry season and can stand to be covered with water for a week or two in the early spring. Our stocks are all passed upon by the North Dakota Seed Commission so that any one purchasing of us is sure of pure seed of the highest germination. Price, 15c per pound. Bags free.

UNHULLED RED TOP.

Unhulled Red Top is claimed by many to have more vitality than the hulled seed. A very hardy perennial grass which succeeds best on moist land. It remains green for the greater part of the year, in some sections this grass is raised to a large extent. Price: 20c per pound.

MEDIUM RED CLOVER.

Owing to the small demand we have had in former years for cheaper grades we have decided to handle but one grade of Medium Red Clover this season, which will be our best grade, the "Home Grown" brand. Clover is a great soil enricher. It makes two crops a season, one is cut for hay when it is in blossom and the last crop may be harvested for seed, or cut for hay, or plowed under. In either case, the fertility of the soil is greatly increased. This Clover can either be sown in the spring or fall, and, if sown alone 8 to 12 pounds are required per acre according to the grade of seed. Price: 35c in 10 pound lots; 30c in larger lots.

Northern Seed Company, Valley City, N. D.

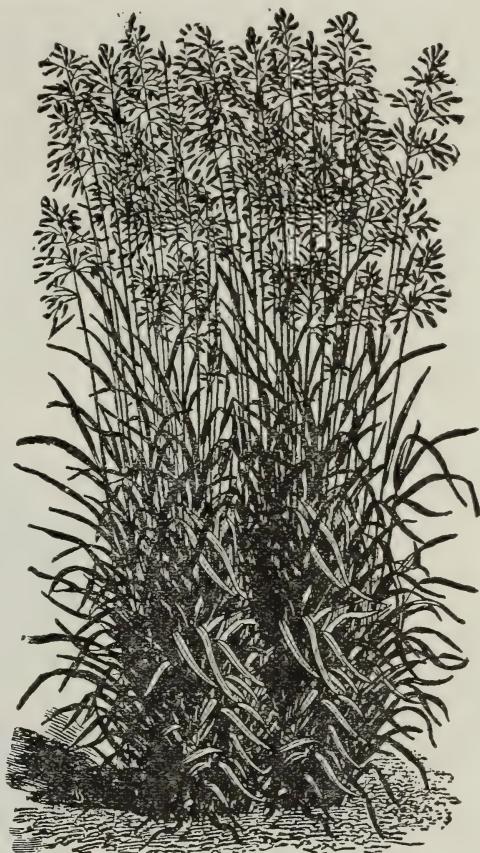

Sirs: I am glad to say that the seeds bought from you are all more than recommended. The quality is unsurpassed. They have all matured earlier than any seed we have ever bought from a seed house, consequently, I shall be pleased to give you my orders as long as your standard is as high as now. Wishing you abundant success, I am

Very respectfully yours,

GEO. RIEDASCH, Dogden, N. D.

ALFALFA

CULTURE—(By Prof. Thos. Shaw)—Alfalfa will grow best on bottom lands that are sandy in texture and with water not too far distant from the surface and on uplands with a clay subsoil, that is reasonably porous. The ground on which it is to be grown should first be made rich with farmyard manure. This crop is best sown on land summer-fallowed the previous year or that has grown a crop of potatoes, corn, or field roots. The ground should be

BROMUS INERMIS

kept well stirred near the surface until well on into May or early June. The seed may be sown by hand, but is better buried with a drill to a depth of one to two inches. From 12 to 15 pounds of seed are sown to the acre. When the plants are 8 to 10 inches high they are frequently cut off, weeds and plants, with the mower set high and the cut portion left on the ground as mulch. The yield is improved by judicious disking every spring. The crop once established will last for years.

Northern Seed Company, Valley City, N. D.

Gentlemen: We planted some of your Regenerated Swedish Select Oats last year with a good deal of misgiving, when the crop came off we were agreeably surprised. The straw was not only stronger than our ordinary oats but the yield was nearly one-third more. The yield on two acres of your oats was 110 bushels per acre.

ALFRED G. CODDING, Valley Co., Mont.

Northern Seed Company, Valley City, N. D.

Dear Sirs: The seeds which I got from you last spring were fresh and a large per cent germinated,

showing care in the selecting and curing of them. I wish to order from you again next spring, as I was well pleased with your seeds this year.

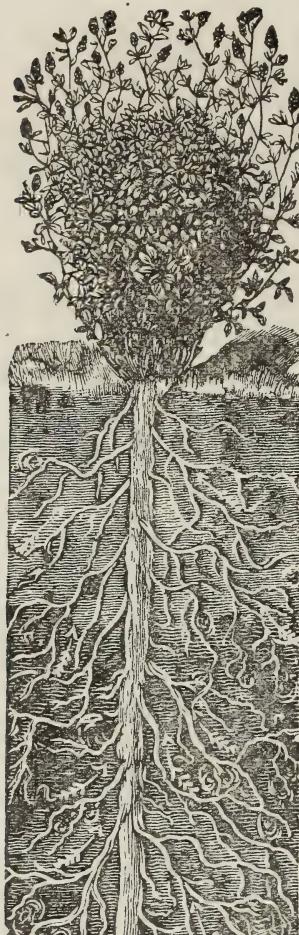

Yours truly,
A. G. McKEAN, Topbar, S. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: I received the timothy seed you shipped me, last spring and sowed it. I certainly got a nice stand. The corn I got from you came up good too. I am satisfied that "Home Grown" seed is the best for North Dakota. Yours truly,

CARL TETZLAFF, Columbus, N. D.

ALFALFA (Continued.)

Alfalfa or Lucerne

MONTANA GROWN ALFALFA SEED—Montana seed is more hardy than seed grown in any other section, we have procured our stocks grown on non-irrigated land by dry farming methods. Alfalfa is a drought resisting plant of the highest order, as one of the characteristics of the roots is to seek water. For a permanent meadow no grass is equal to Alfalfa, the field will last for years with proper care. More tons are produced per acre, it lessens the amount of grain required to keep stock in condition, stock of all kinds will eat it up clean, turn your hogs loose in a field of Alfalfa and you don't need to fence them, it increases the value of the land, and will pay dividends on the land on a \$100.00 an acre valuation. We do not advise any farmer, unless he has had experience or a chance to observe closely some field, to attempt a large field on the start. Price: Pound, postpaid, 35c; pound by freight or express at purchaser's expense, 25c.

TURKESTAN ALFALFA SEED—Same as above with the exception that it is more hardy. Has been known to stand a temperature of 40 degrees below zero on bare ground. Price: Pound, 35c by mail postpaid. 25c per pound by freight or express at purchaser's expense.

FLAX

NO. 52 WILT RESISTANT FLAX.

This flax originated in the Agricultural College at Fargo and twenty-four pounds of the seed was procured by J. R. Getchell & Son of Valley City in 1907. They have raised this flax ever since on old land and they have never had a failure. This past season on the most wilt sick land on their farm, they got 18 bushels to the acre and on better land it went as high as 26 bushels to the acre. This flax has been put up in bags of two bushels each. Each bag has been inspected and tested by a representative of the Agricultural College under the supervision of Professor Bolley. Each bag has been sealed and stamped with the inspector's stamp. As this flax has been sealed and stamped in this manner, only an even number of bushels will be sold to a customer, there being two bushels in each single sack. Price per bushel, \$3.50. sack included.

Northern Seed Company, Valley City, N. D.

Gentlemen: I would recommend your seeds as the very best for Northwestern climate. My garden was grown on new breaking, but it was a dandy.

Yours very truly,

MRS. P. D. ORR, Williams Co., N. D.

MILLET

SOUTHERN GERMAN OR GOLDEN MILLET—This millet is a very desirable millet in as much as it yields a larger amount of hay, very sweet and of great feeding value. On rich soils this millet will produce from four to five tons per acre. Price: \$1.75 per bushel. By freight or express, at purchaser's ex-

pense. Two and one-half bushels can be sent in a bag. Bags extra at 25c.

COMMON GERMAN OR GOLDEN MILLET—This is somewhat mixed with other kinds of millet. We can furnish this millet, but do not recommend it

Northern Seed Company, Valley City, N. D.

Gentlemen: The garden seeds bought from you last spring all grew and did nicely, although the season was not a favorable one. The timothy, clover, bromegrass and alfalfa were exceptionally good, free from foul stuff and made a good growth.

Yours truly,

W. M. BROWN, Ambrose, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: After looking around last spring, I bought of your manager some of your "Home Grown" clover seed. I can say I have never been better

pleased with a lot of seed. It came to hand promptly and I found it of the very best quality. I am through with cheap Eastern seed.

Yours,

HENRY SAMPSON,
Pres. Bank of Elbow Lake,
Grant Co., Minn.

Northern Seed Company, Valley City, N. D.

Dear Sirs: The Red Weatherfield Onion seed I got from you last year did extremely well. I like this variety. It is a good keeper and solid. I obtained 760 bushels last year from 1 1/2 acres.

JOHN OPPEGARD, Williams Co., N. D.

MILLET (Continued.)

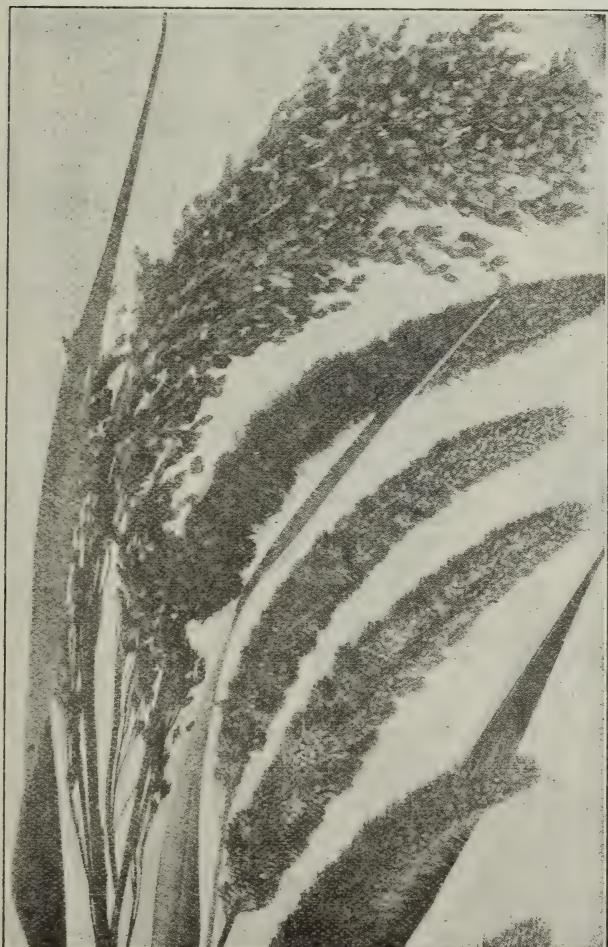

to give as good results as the Southern Grown German or Golden Millet. Price: \$1.25 per bushel. By freight or express, at purchaser's expense. Two and one-half bushel can be sent in one bag. Bags extra at 25c.

HUNGARIAN MILLET—The advantage of Hungarian Millet over German or Golden is that it takes a shorter season to mature it and owing to this fact it is a good millet to fill in with when other crops fail to come or are washed out, etc. Hungarian is not so coarse as German or Golden but still yields heavily, 34 tons per acre of hay is often harvested, of the very best quality and is greedily eaten by all kinds of stock and swine. Price: \$1.75 per bushel. By freight or express, at purchaser's expense. Two and one-half bushels can be sent in a bag. Bags extra at 25c.

SIBERIAN MILLET—Our stock of Siberian Millet is very choice. We have customers who have plant-

ed our Siberian Millet the last six years and who claim that it gives a good or a better yield than the German or Golden Millet. Siberian Millet does not grow so tall as the German or Golden and the straw is somewhat finer but as it stools very heavily it produces a great many leaves and for this reason is liked very much among planters. Price: \$1.50 per bushel. By freight or express, at purchaser's expense. Two and one-half bushels can be sent in a bag. Bags extra at 25c.

HOG MILLET—The proper name for this millet is Broom Corn. It is one of the few millets that can be planted in the Northwest and profitably raised for the seed. The yield per acre is from 50 to 75 bushels according to conditions and the feed when ground is equal to corn to fatten cattle and hogs. This millet is fairly early, maturing in from 50 to 60 days; a very profitable crop. Price: \$1.60 per bushel. By freight or express, at purchaser's expense. Two and one-half bushels can be sent in a bag. Bags extra at 25c.

EARLY FORTUNE.

Northern Seed Company,

Valley City N. D.

Gentlemen: The Seed Corn I get from you last spring is all right and is going to get ripe in good season. When I need more seed you will get my order.

L. G. TORGERSON,
Hays, S. D., Box 48.

Northern Seed Company,

Valley City N. D.

Gentlemen: I was somewhat disappointed by the looks of the Corn I bought from you last spring as it was not very "showy" looking, but after testing it I found it to be good seed and in the field it showed even better for it did not miss a hill. Wishing you success, I remain

Yours for business,
FERD HAMMERMEISTER,
Wahpeton, N. D.

Northern Seed Company,

Valley City N. D.

Gentlemen: The seeds I got from you last spring were very good. Everything came up nicely and is doing fine.

Yours very truly,
L. S. ESPESETH,
Lansford, N. D.

Northern Seed Company,

Valley City N. D.

Gentlemen: I am very much pleased with the Seed Corn I bought from you. The early part of the season was very unfavorable and a large part of the corn in this vicinity was thin, in some cases fully a third of the seed failed to grow. In the field I planted your seed there were no blanks. The plants came up soon and were vigorous.

Yours truly,
DAVID CONNELL,
Glen Ullin, N. D.

Northern Seed Company,

Valley City N. D.

Gentlemen: I used your seeds this year and had good success. I shall use them again.

Yours truly,
MRS. E. W. PATTON,
Steele, N. D.

MILLET (Continued.)

EARLY FORTUNE MILLET—The earliest Millet known and one of the best yielding millets known especially for the seed. This millet readily heads in from 25 to 30 days. It can be fed to all kinds of stock without danger whatever. Price: \$1.60 per bushel. By freight or express, at purchaser's expense. Two and one-half bushels can be sent in a bag. Bags extra at 25c.

Barnyard Millet

JAPANESE BARNYARD MILLET—Grows from four to seven feet tall, but is not harsh or woody, as other grasses and is one of the most profitable and valuable seed crops. We have grown this splendid Millet for years, and have been so careful in the selection and improvement of stock seed that our

Northern Seed Company, Valley City, N. D.

Gentlemen: I purchased garden seeds from you last spring and I do not hesitate to say that I was better satisfied with them than any garden seed I have purchased since I came to Dakota, which is 25 years this fall. Please send me your catalog as soon as issued and you will greatly oblige,

Yours truly,
JOHN WISE, Gettysburg, S. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: I am very much pleased with the Seed Corn I bought from you. The early part of the season was very unfavorable and a large part of the

strain is acknowledged to be the best in existence. In some sections of the country it is known as Barnyard Millet, while in other parts of the country it has been erroneously introduced under the name of "Billion Dollar Grass." In spite of these names it is such a good thing that it has come to stay, and will live long in the public favor under its proper name, "Japanese Millet." In this latitude we usually sow from May 10th to 20th. Sown at these dates it will make an excellent soiling crop, giving two cuttings—about mid-July and late August. We have frequently had this Millet attain a height of 6 1-2 to 7 feet and so heavy that no binder could handle it. It yields 50 to 70 bushels of seed per acre and three to five tons of hay. Sow the seed broadcast at the rate of twenty to twenty-five pounds to the acre, or in drills twelve to eighteen inches apart, using ten to fifteen pounds per acre. Price: 25c per pound postpaid. Price per pound 10c by freight or express at purchaser's expense. Eighty pounds can be sent in a bag. Bags extra at 25c.

Northern Seed Co.,
Valley City, N. D.
Dear Sirs: It is with pleasure we recommend your seed house for the reason the shipment of seed we received far surpassed anything of the kind we ever had. The oats were perfectly clean and the product of the same was enough to give us entire new seed oats for the coming year. Yours truly,

OLAF JOHNSON
Big Stone Co., Minn.
Northern Seed Co.,
Valley City, N. D.

Gentlemen: I used your seeds last year for the first time and consider them far superior to any I have ever used.

MRS. JOHNSON,
Ward Co., N. D.
Northern Seed Co.,
Valley City, N. D.

Gentlemen: I was more than pleased with the seeds I received from you last spring. And I think the Northern Grown seeds will grow better here in North Dakota than the Eastern grown seeds will. At least they did for me. I wish to receive a new catalog. Yours truly

MRS. JENSONN,
New Port, N. D.

corn in this vicinity was thin, in some cases fully a third of the seed failed to grow. In the field I planted your seed there were no blanks. The plants came up soon and were vigorous.

Yours truly,
DAVID CONNELL, Glen Ullin, N. D.

Northern Seed Company, Valley City, N. D.

Gentlemen: We have used your garden seeds now for four years in succession and after a careful investigation we find they are a great deal earlier than seeds we buy from Southern and Eastern houses. We are satisfied this is caused by their being acclimated.

Yours truly,
K. A. JORGESSON, Foster Co., N. D.

Yours truly,
K. A. JORGESSON, Foster Co., N. D.

SPELTZ

The most Drought Resistant Cereal in Existance.
Will Produce a Heavy Crop on More Kinds of
Soil than any Other Cereal.

Will not Rust or Smut.

Far Ahead of Barley for all Kinds of Stock.

Ripens Very Early.

A Very Profitable Feed for the Northwest.

If you have never raised Speltz, be sure to raise some the coming year. It yields enormously, especially in dry years and makes a very profitable crop on any farm where feed is used to any extent whatever. It weighs 40 pounds to the bushel. Price: \$1.00 per bushel. By freight or express, at purchaser's expense. Two and one-half bushels can be sent in a bag. Bags extra at 25c.

Northern Seed Company, Valley City, N. D.

Dear Sirs: The seeds I ordered from you last spring could not be beaten. The peas made the quickest growth of any I have ever seen. They were the American Wonder variety. The onions and melons made good growth. I would not buy seeds from any other seed house, and would refer all gardeners of the Dakotas to you. Everything was satisfactory.

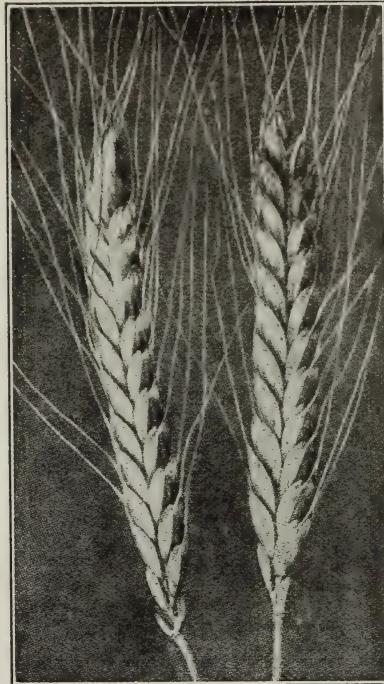

Yours Sincerely,

ROBERT MARIONON, Fairburn, S.D.

Northern Seed Company, Valley City, N. D.

We wish to congratulate you on the Northwestern Dent Seed Corn you sold us last year. We got a very good stand, and find that it ripened very early, and evenly. In fact your Northwestern Dent Corn ripens earlier than corn that I bought from other seedsmen and sowed on my farm. This evidently shows that the rigid selection you are giving your corn begins to tell. Yours truly,

FRANK SANFORD, Rogers, N. D.
